The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

R. L. Polk & Co.
Directory Publishers

What Is An Advertising Agency?

Frequently we find men ACTUALLY LOSING MONEY because they do not know what an Advertising Agency is.

An Advertising Agency is an organization usually devoted to PRINTED SALESMANSHIP; that is the writing, printing and distribution of advertisements.

For instance, we ourselves represent 1200 Texas Newspapers, to say nothing of the thousands of newspapers and magazines outside the state. We can place your ad ANYWHERE at the same rates you pay direct.

But that is merely one feature. We write booklets, circular letters, cards, folders, etc., sell bulletins, furnish printing, and make drawings and art designs.

But probably our most valuable service is the planning and execution of entire campaigns. Our creative ability keeps our customers abreast of the times, and our experience prevents costly errors.

If you advertise at all, please write for full information; also ask for newspaper combination rate lists.

FREE ADVISORY SERVICE

For the convenience of our friends we maintain a Free Advisory Service, and will delight in answering any questions that you care to submit.

INTRODUCTORY

R. L. Polk & Co.'s 1914-1915 Texas State Gazetteer and Business Directory, herewith presented, contains all the valuable features of a general State Gazetteer with those of a complete Business Directory and gives direct and instant information concerning every city, town, village and postoffice in Texas and everyone transacting business therein.

The earlier pages are devoted to miscellaneous information pertaining to Texas, secured from official sources and brought down to the latest possible date. This portion of the work includes, among other features, a descriptive sketch of the State, showing its location, contour, water courses, soil, products, climate, manufactures, commerce, inducements to settlers, etc. There is full information regarding State Government, the State Judiciary, State Institutions, State Associations, State Boards; United States Officials for Texas; a list of County seats and County officers, commercial laws, a list of Postoffices in Texas, population of the counties and of the incorporated cities and towns, according to the U. S. census of 1910, arranged alphabetically by counties, a Bankers' Directory, giving name and location of bank, cashier and capital, etc.

In the *Gazetteer Department*, a descriptive sketch is given of each of the cities, towns, villages, postoffices and settlements in the State, embracing items of interest such as location, distance and direction from the county seat, means of communication by railroad, water or stage; whether it is a telegraph and express station; if no bank, the nearest or most accessible or usual banking point; leading industries, churches, products that are marketed population, nearest shipping point, price of land in vicinity, etc. Each of the sketches is followed by the names of all business and professional men located there, as well as those in the adjoining country for which it is the postoffice.

In the Classified Business Directory, each of the above names is again listed under the classification representing their particular line, bringing the names of all persons engaged in any business or profession together under one heading separated by towns which are in alphabetical order, and constituting an epitome of the business interests of the State. It is the State's great market place and forms the best "Buyers' and Sellers' Guide" available.

The pictorial features, with which the work is profusely illustrated, embrace the leading institutions and the men prominent in the business life of the State and constitute a desirable album of historical and educational value.

With this volume is presented a map of the State, giving all railroads and their branches and showing also the electric lines.

The circulation of *The Gazetteer* is by no means limited to the borders of the State—it is placed by the publishers in the Directory Libraries of the principal cities of the country for the free use of everyone desiring to gain information regarding this great commonwealth, and apart from this, is used for constant reference in banks, newspaper offices, business houses, hotels, libraries, governmental departments, etc., throughout the length and breadth of the United States and Canada, as well as in portions of Europe.

R. L. POLK & CO.,
Publishers.

R. L. POLK & CO.

TEXAS

Any master in the historical school that has developed since Guizot wrote his "History of Civilization" needs only to know the geographical location, topography, climate, extent and character of waterways and soils of a country to announce with almost mathematical certainty whether it is to support a meager population confined to a limited number of pursuits and have a restricted commerce, or whether it is to be densely inhabited and be a mighty industrial and commercial empire and be the seat of intelligence, prosperity, happiness and a high and ever-expanding civilization.

Though the land has never been trodden by human foot, he beholds in these things the germ core, upon which he can predict not merely what might happen, but that which is sure to happen. If a man of this training and knowledge had surveyed Texas four centuries ago, when Indians alone had ever skirted its bays, viewed its rivers, traveled across its prairies and gazed from its hilltops and mountain heights upon its beautiful landscapes and seen its rich flora and fauna, he would not have hesitated to say: "In this region, at some time, there will rise and flourish a wonderfully opulent and mighty state. In lands, in waters, in minerals, in climate and in position, there exist here, in strong and marvelous combination, the fundamentals for such a state."

The Spanish navigators who sailed along and mapped the Texas shore line soon after Cortez's conquest of the City of Mexico dreamed of none of these things, nor did the shipwrecked Cabeza de Vaca, who, as the first white man to make the journey, crossed Texas in 1535 to Culiacan, on the Gulf of California.

The Spaniards slowly pressed forward their line of occupation northward from the Valley of Mexico to the Panuco river, while Coronado in 1540, Moscoso in 1543, Espejo, Sosa, Onate, Mendoza and others down to 1683, penetrated into parts of what is now Texas, and General Otermin established the village of Ysleta on the Rio Grande in 1682. They attached little value to the vast district east of the Rio Grande and were content to rifle the mines and enslave the aborigines of Old Mexico and might never have made a serious effort to occupy Texas but for the landing of LaSalle's expedition on the shores of Matagorda Bay in 1685.

An expedition was sent out under Captain DeLeon by Spanish vice-regal authority, that, April 22, 1689, found Fort St. Louis, that LaSalle had established, and that most of its occupants had been murdered, and the rest taken into captivity by the Indians.

An expedition the following year established two missions among the Tejas Indians in East Texas. They were not supported, and October 25, 1693, Father Manzanet and the few priests and soldiers who were with him buried the swivel guns, bells and other iron implements of the missions and presidios and set forth on their return journey to Mexico.

From this time until 1715 Texas was abandoned. Its permanent partial occupation was induced by fear of encroachments by the French settlers in Louisiana. The efforts of Anthony Crozat to establish an overland trade with the Spanish settlements on and beyond the Rio Grande was the moving cause of this fear. His agent, St. Denis, went over to the Spaniards and advised them to establish missions and presidios in East Texas along the paths of entrance that the French would, otherwise, be likely to follow. This was done.

In 1718 Alarcon established the presidio of San Antonio de Bexar and Mission of San Antonio de Valero, to which was added in 1731 the civil settlement known as the villa of San Fernando. From these grew up the city of Bexar, or San Antonio, the struggle between the two names finally resulting in favor of the latter. In 1731 the East Texas missions were transferred to San Antonio. The missions were secularized in 1764.

There were but three centers of Spanish population between the Sabine and the Rio Grande—Nacogdoches, San Antonio and La Bahia (Goliad).

In 1778 the old stone fort was built in what later became Nacogdoches. It was erected to protect the pueblo of Bucarelli, which was moved there from the Trinity.

La Bahia was established by Aguayo subsequent to 1722.

Thoughtful and scheming individuals in the United States early appreciated the desirability of obtaining Texas or an assured foothold in it. Nolan's expedition, 1799-1801, was designed to gain knowledge of and report conditions and supply a partial map of the country. His death and the capture and imprisonment of his companions defeated its objects.

Aaron Burr knew what Texas was, and probably included its conquest in his purpose to create a new government in the Southwest—a design that Thomas Jefferson and his agents brought to naught.

The Magee-Guiterrez filibustering expedition in 1812 came near wresting Texas from Spain, but closed in blood in 1813, and the country was laid waste to Nacogdoches, and that settlement broken up for a time. Then followed the disastrous filibustering expeditions of Long in 1819 and 1821. The struggles incident to these invasions completely exhausted the physical power of the Spaniards in Texas. In the closing years of their rule, the western part of the territory was ravaged at will by the Apaches and Comanches; the northwestern portion was harassed by adventurers of the neutral ground and on the coast pirates and other intruders entered the country at will or established themselves at places that suited them. The Comanches made it a practice to steal herds of Mexican horses, drive them into San Antonio, claim that they had taken them from hostile Indians and demand and receive rewards. On these and other visits they made it a practice to require soldiers of the garrison to hold the horses ridden by the Indians. Their insolence knew no bounds, was given free rein and was submitted to without opposition.

Times were ripe for a change. It came with the D'Onis treaty, by which the United States bought Florida and surrendered its claim to Texas. This diplomatic act was followed by Moses Austin being granted the right to introduce immigrants. Texas became fully alive and set its feet in the path of progress for the first time when Stephen F. Austin conducted to the lower Brazos his first party of Anglo-American colonists in October, 1821.

An outcome of the Mexican revolution of 1821 was the granting of contracts to a number of empresarios and the beginning of the rapid settlement of Texas. Soon, however, friction occurred between the Mexican authorities and the liberty-loving settlers, and men of discernment in the United States perceived that it was only a question of time when there would be a revolution. President Jackson sent General Houston to view and report upon the country. After traveling as far as San Antonio, Houston informed the president that the country lying between that place and the eastern boundary was not surpassed by any, and was capable of supporting a population of 10,000,000 people.

The incidents of 1832, 1833 and 1835 and the campaign of 1836, that ended with the victory at San Jacinto, that established Texas independence are familiar to all persons having any knowledge of Texas history and need not be recounted here.

Stephen F. Austin, by means of pamphlets, newspaper articles, letters and representations of his agents, thoroughly advertised the advantages and opportunities of Texas and set in motion a strong stream of capital and desirable immigration to the country. This was checked by the incidents preceding the revolution and the revolution itself. Following the battle of San Jacinto, a tidal wave of newcomers—many of them bad characters—poured into the republic, expecting it to be easy not only to earn a living but to make their fortunes. There was absolutely nothing for them to do and great distress and the perpetration of crimes followed.

Texas sought in 1836-1837 and was denied admission to the United States, and repeated the effort some years later with the same result. There was not a dollar in the Texas treasury and no taxable values from which to raise revenue by direct levies. The customs revenues amounted to practically nothing at the start. Under these circumstances President Houston exerted himself to placate the Indians by presents and treaties and particularly by urging citizens, on the opening of the land office in 1838, not to go into territory claimed by the Indians and locate land. Neglect to follow his advice to holders of headrights and other claims entitling persons to land, aroused the fury of the Indians and soon the entire frontier was ablaze with hostilities.

Then came Lamar's administration, during which the Indian power was completely broken by various expeditions and the capital of Austin was built and occupied.

This was followed by the second administration of Houston and by Jones' administration, in which wealth and population greatly increased and the value of Texas money was raised almost to par. President Jones' administration was brought to a close by the annexation of Texas to the Union in 1845, and the inauguration of General J. Pinckney Henderson as the first governor of the state in February, 1846.

Texas began statehood with scant means, but its treasury was well filled by the sale of the state's northwestern territory to the United States in 1850 for $10,000. There was no advertising of the state, such as was practiced in colonial times, but knowledge of its merits spread abroad and men and money came in in increasing volume. A general spirit of enterprise and progress took hold of the people. Acts were passed by the legislature to improve the navigability of streams, to secure better roads and to establish toll and other bridges and attempts were made to build and operate factories, but the time had not come for factories, and they mostly closed their doors.

A special feature of Governor Pease's administration was encouragement to railroad building. He was elected mainly on that issue and set that important undertaking in motion. Texas had just begun to set a clipping pace on the highway of development, when the war between the states brought it abruptly to an end. The war was followed by the stagnation of the reconstruction period and Davis regime. When the people regained control of the state government they had other work to do than to sing the praises of Texas abroad and make an effort to secure the incoming capital and immigration. The inefficiency and alleged waste of appropriations by the Bureau of Immigration, established under the constitution of 1869, led the people to insert in the constitution of 1876 a provision prohibiting the Legislature from ever making an appropriation for immigration purposes. Consequently, when the Centennial Exposition of 1876 was held at Philadelphia Texas had no exhibit there. But the state was not wholly unrepresented. A party of distinguished Texans were present, amongst them Governor R. B. Hubbard, who delivered an address that was printed and widely circulated and caused thousands of immigrants to come to Texas, though the great bulk of settlers were turned elsewhere.

Then, after a slight pause, began a phenomenal era of railroad building in Texas and an influx of new citizens that has continued to the present time. The establishment of the Texas Railroad Commission and the passage of the railroad stock and bond law during Governor James S. Hogg's administration put an end to wild-catting in railroading and rendered it possible for jobbing centers to be established in Texas and for factories to be operated at a profit. Other legislation that has since been enacted has removed every impediment to Texas' growth in every direction.

The result is the splendid Texas of today, in which railroads, the press and a multitude of other agencies are advertising the state in the four quarters of the world, and into which homeseekers and capitalists are trooping and will soon be pouring as into few countries in the history of the world.

For some years Texas has occupied first place in the United States in the total annual value of agricultural products, and this primacy is certain to become more and more pronounced and unapproachable, as its development has scarcely more than begun.

The total amount of improved lands in farms in Texas is 27,360,666 acres. The uncultivated arable area is 141,372,060 acres, about 100,000,000 acres of which is prime farming land.

The state covers 265,896 square miles—land 263,398 square miles, water 3,498 square miles. This is equal to about 8.7 per cent of the entire area of the United States and Territories including Alaska, but excluding island possessions. It is six times larger than New York and seven times as large as Ohio and 100,000 square miles larger than all of the Eastern and Middle States, including Delaware and Maryland. Compared to the countries of Europe it has 34,000 square miles more than the Austrian Empire, 62,000 more than the German Empire and nearly 70,000 square miles more than France.

It is located in the extreme southwestern part of the United States, between the 26th and 30th parallels of north latitude and the 94th and 106th meridian of longitude.

The topography of the state, like many other characteristics, is hard to describe, owing to its immense size and varying elevations. The general appearance of the country may be described as high elevated plateaus, low ranges of hills, broad level prairies and level valleys with, in the trans-Pecos region, mountains that are southern spurs of the Rockies. The mean elevation is about 850 feet above the sea level, the extremes ranging from a few feet to one peak as high as 9,500 feet. The soil varies greatly in richness and fertility. It is of various qualities, but usually a rich loam covers the valleys and plains. The black waxy, black sandy, sandy loam and alluvial soils are each to be found in the state.

Texas has an equable climate. In a general way the state slopes down from northwest to southeast, like the gently slanting roof of a house, and is swept by breezes from the Gulf of Mexico, which dispense life to vegetation and health to the inhabitants. The long summers characteristic of this latitude are by them rendered not only endurable but enjoyable. So marked is the influence of the gulf winds on the climate of the state that the average temperature along the Gulf Coast and for many miles in the interior is much lower during the summer months than it is in the higher latitudes of the north. The same influence neutralizes the cold of winter and makes the winters of the southern and southwestern parts of the state mild and most delightful.

Texas is essentially an agricultural and stock-raising state. It ranks first among the states in the number of cattle raised. It contains about one-eighth of the cattle and more than one-third of the goats in the Union, while in the number of horses and mules it outranks any other state. It raises great numbers of hogs and among sheep-raising states it is one of the most important.

It raises vast quantities of cotton, corn, wheat, oats, barley, rye, alfalfa, sorghum, sugar cane, kaffir corn, milo maize, rice, sweet and Irish potatoes, onions and melons, fruits and berries—all of the best quality. It is estimated by reliable authorities that not more than 25 per cent of the acreage of the state suitable for the purpose is now planted in cotton, making proper allowance for diversification in farming. This means that, whenever there is need, Texas can raise more cotton than the entire world crop of 1912-13, and then have cotton acreage to spare.

The agricultural development in progress in West Texas, Southwest Texas and the Panhandle country is a marvelous revelation to the people of this state who a few years ago thought that there was not sufficient rainfall for anything to be raised there except native grasses for cattle to feed upon. To this time the eastern half of Texas (the dividing line being run from the Gulf to the northern boundary of the state some distance west of San Antonio) has been designated the humid region, where rainfall is sufficient for raising crops; and the western half, known as the semi-arid region, where crops cannot be grown without irrigation. The really semi-arid and arid region is constantly shrinking as actual farming is engaged in. Furthermore, immense irrigation enterprises have been inaugurated that are converting thousands of acres there into lands as productive as those of the irrigated districts of Southern California. Irrigation is also practiced on a large scale in the Texas Rice Belt, where there is abundance of rainfall for ordinary purposes, but where irrigation is needed to flood the land. Irrigation is, likewise, being more and more employed elsewhere in the humid region as an aid to agriculture.

Texas has immense timber and mineral resources.

The waters of the Gulf of Mexico along the Texas coast teem with fine edible fish, and the oysters grown there have no superior. The oyster and fish business is assuming large proportions.

Game is multiplying under proper game and fish laws, rigidly enforced.

The packing houses at Fort Worth, Houston, San Antonio, Waco and Amarillo afford home markets for many times the beeves, sheep and hogs which Texas ranchmen and farmers are now able to supply and are powerfully stimulating live stock production. Arrangements are being made to put in packeries at other points in the State. Great interest is being manifested in the dairy industry in the State. The indications are that in a few years Texas will move near to the head of the column in this industry and finally take the lead. The interest is no less marked in poultry raising.

Figs are raised and marketed on a big commercial scale. The raising of citrus fruits is a promising industry.

In East Texas are the largest peach orchards in the world. At various places in the State are raised as fine apples as are produced anywhere in the United States. Grapes, berries, plums and all the choicest fruits known to the temperate zone are raised in Texas in com-

mercial quantities. The promological possibilities of the State are such that it may eventually distance even California in fruit production. Texas is a truck grower's paradise and puts on the northern markets the earliest and best vegetables they receive. The Bermuda onion has made the regions about Laredo, Eagle Pass and Cotulla famous, and, incidentally the fortunes of enterprising growers. They are also grown profitably elsewhere in the State.

The success attending the growing of tobacco in Texas is conclusive evidence that it is destined to become an important industry in this State. It has passed the experimental stage and the tobacco grown in Texas counties has been pronounced quite equal in aroma to the Cuban product.

Texas leads the world in the production of pecans. It has natural pecan groves more than fifty miles in length by from one to two miles in width. Attention is now being actively devoted to raising improved pecans by budding, grafting and top-working.

The University of Texas and State Agricultural and Mechanical College rank among the best in the United States in scholarships, buildings, equipment, size of student body and achievements of alumni in nearly every field of the world's work. Texas has five superb State Normal Schools that have elegant and well appointed buildings; beautiful, commodious and healthful sites and every necessary equipment. They are: Sam Houston Normal Institute, Huntsville; North Texas State Normal School, Denton; Southwest Texas Normal School, San Marcos; West Texas Normal School, Canyon City; and Prairie View State Normal and Industrial College, Prairie View. The first four named are for white students, while that at Prairie View is for colored youths only. At Denton also is located the State College of Industrial Arts.

Provision is made by law for teaching agriculture in these normals, in the summer normal school, held by the University of Texas, and in the public free schools. An act passed by the Thirty-second Legislature at its regular session provides for the establishment of agricultural high schools. At the Agricultural and Mechanical College there is a short winter course for adult farmers that is being eagerly taken advantage of.

Texas has ten agricultural experiment stations, namely: One at College Station, partly supported by Federal appropriations, and the following maintained wholly by State funds: At Beeville, Troupe, Denton, Temple, Beaumont, Angleton, Spur, Lubbock and Pecos. Besides these, there are stations established by the United States Bureau of Plant Industry and numerous agencies of the United States Department of Agriculture carrying forward useful work. It has been demonstrated that over 168 bushels of corn per acre can be grown in Texas. The long summers in this State permit corn to fully ripen, and owing to this fact, it never heats while being transported across the ocean.

A law passed by the Thirty-second Legislature authorizes counties to establish county agricultural experiment farms.

Great State fairs and expositions and many largely attended county fairs are held.

Corporations organized to hold agricultural fairs, or encourage agricultural pursuits, are exempt from taxation.

Very large prizes, offered by the Texas Industrial Congress, are inducing Texas tillers of the soil to apply scientific farming to the utmost in all branches this year, with results that cannot fail to prove of tremendous economic value.

The cattle interests of the State are safeguarded by the State Live Stock Sanitary Commission and Texas Cattlemen's Association.

The laws of Texas are exceedingly favorable to agriculture and to the protection of families from want that might otherwise come through financial misfortune. The homestead is exempt from forced sale, save for purchase money, improvements or taxes, and cannot be alienated without the consent of the wife; certain household furniture and implements and live stock, in the hands of the farmer, are exempt from forced sale for debt, except for purchase money, and farm products in the hands of the producer and family supplies for home and farm are exempt from taxation. Protection of the homestead applies to people living in town as well as to those residing in the country.

There are no occupation taxes on any useful pursuit. Taxes are lower in Texas than in any other State.

There is no legal or other impediment to conducting successfully legitimate pursuits in this State; on the contrary, every encouragement and protection is afforded them by constitution, statutes and public sentiment.

In situation, size, climate, products, material possibilities, and free common school, high school, normal school, university and other facilities, laws and range of opportunities, Texas stands easily at the front in the splendid galaxy of commonwealths that compose the Federal Union and to the homeseeker and capitalist offers unexampled advantages.

ED. R. KONE,
Commissioner of Agriculture.

STATE EXECUTIVE DEPARTMENT

Capitol Building, Austin.

EXECUTIVE.

The State Officers.

ELECTIVE.

Governor—Oscar B. Colquitt. Salary, $4,000.

Lieutenant Governor—W. H. Mayes. Salary, $5 per day when legislature is in session.

Attorney General—B. F. Looney. Salary, $4,000.

Controller—W. P. Lane. Salary, $2,500.

Treasurer—J. M. Edwards. Salary, $2,500.

Supt. of Public Instruction—W. F. Doughty. Salary, $2,500.

Commissioner of Agriculture—E. R. Kone. Salary, $2,500.

Commissioner of the General Land Office—J. T. Robinson. Salary, $2,500.

Railroad Commissioners — Allison Mayfield, E. B. Mayfield, W. D. Williams. Salary, $4,000.

APPOINTIVE.

Secretary of State—F. C. Weinert. Salary, $2,000.

Commissioner of Insurance and Banking—W. W. Collier. Salary, $5,000.

State Tax Commissioner—A. L. Love. Salary, $2,500.

Assistant Attorney General—C. E. Lane. Salary, $3,000.

Adjutant General—Henry Hutchins. Salary, $2,000.

State Health Officer—Ralph Steiner, M. D. Salary, $2,500.

State Revenue Agent—E. B. House. Salary, $2,000.

Game, Fish and Oyster Commissioner—W. G. Sterrett. Salary, $2,500.

Labor Commissioner—J. S. Starling. Salary, $2,000.

Purchasing Agent—J. H. Elliott. Salary, $2,000.

Supt. of Public Buildings—A. B. Conley. Salary, $1,500.

State Mining Inspector—Isadore Broman. Salary, $2,000.

Pure Food Commissioner—J.S. Abbott. Salary, $2 000.

Reclamation Engineer—A. A. Stiles. Salary, $3,600.

Pension Commissioner—G. W.Kyser. Salary, $2,000.

Penitentiary Commissioners—S. J. Bass, W. O. Murray, W. O. Stamps. Salary, $3,600.

Fire Marshal—Wallace Inglish.

Supt. State Institute for Training of Juveniles—W. B. Gray. Salary, $1,800.

Inspector of Masonry—J. B. Nitschke.

State Levee and Drainage Commissioner—A. A. Stiles.

BOARDS AND COMMISSIONS.

BOARD OF EDUCATION.

The Governor, the Controller and the Secretary of State.

BOARD OF REGENTS OF THE UNIVERSITY OF TEXAS.

Clarence Ousley, Ft. Worth; G. W. Littlefield, Austin; W. H. Burgess, El Paso; Alex. Sanger, Dallas; W. H. Stark, Orange; F. W. Cook, San Antonio; W. C. Hogg, Houston; Dr. A. W. Fly, Galveston; J. W. Graham, Travis County.

BOARD OF DIRECTORS AGRICULTURAL AND MECHANICAL COLLEGE.

E. B. Cushing, Houston; J. L. Guion, Ballinger; J. A. Kyle, Houston; W. Peteet, Ft. Worth; L. J. Hart, San

Antonio; R. L. Bennett, Paris; E. H. Astin, Bryan; T E. Battle, Marlin; J. S. Williams, Paris.

BOARD OF REGENTS OF JOHN TARLETON COLLEGE.

John Cage, F. S. White, W. D. Bermett, James Jones and W. Kiker, all of Stephensville; R. T. Hume, Mineral Wells.

BOARD OF REGENTS OF NORMAL SCHOOLS.

W. J. Crawford, Beaumont; W. H. Fuqua, Amarillo; A. C. Goeth, Austin; Peter Radford, Weatherford. Secretary, R. B. Binon, Austin.

BOARD OF REGENTS, COLLEGE OF INDUSTRIAL ARTS.

J. H. Lowry, Honey Grove; S. P. Harbin, Dallas; Mrs. Flora B. Cameron, Waco; Miss E. Breckenridge, San Antonio; J. C. Coit, Denton; W. D. Adams, Kaufman; Mrs. S. B. Capps, Ft. Worth.

BOARD OF MANAGERS OF STATE BLIND INSTITUTE.

W. A. Trenckmann, Austin; E. J. Byrne, Austin; M. T. Fowler, Austin; F. G. Reynolds, Austin; C. D. Johns, Austin; Ed Giesen, San Marcos.

BOARD OF TRUSTEES STATE DEAF AND DUMB INSTITUTE.

Joe Koen, Austin; S. F. Nolen, Austin; Moritz Silver, Austin; T. D. White, Austin; R. W. Finley, Austin; T. D. Vaughan, Bertram.

BOARD OF TRUSTEES STATE LUNATIC ASYLUM.

W. H. Folts, Austin; W. F. Wolf, Austin; J. R. Kubena, Fayetteville; T. J. Rowzee, Austin; Carl Nelson, Round Rock.

BOARD OF TRUSTEES SOUTHWESTERN INSANE ASYLUM.

V. P. Brown, W. C. Rigsby, Gus Zalmanzia, G. L. Maverick, H. G. Staacke and J. F. Carl, all of San Antonio.

BOARD OF MANAGERS NORTH TEXAS HOSPITAL FOR INSANE.

G. E. Kelley, J. S. Grinnan, R. C. Goodman, J. C. Lyan, A. R. Andrews and T. B. Griffith, all of Terrell.

BOARD OF MANAGERS CONFEDERATE HOME.

W. C. Walsh, Austin; Wm. Owen, Bastrop; R. O. Harris, San Saba; W. R. Davis, Austin; Houston Haynie, Kemp.

BOARD OF MANAGERS CONFEDERATE WOMAN'S HOME.

W. R. Hamby, Austin; T. H. Davis, Austin; W. P. Allen, Austin; Miss M. E. Johnson, Austin; J. W. Cloud, Austin; Dave Harrell, Austin; J. H. Chiles, Austin; Mrs. C. B. Stone, Galveston.

BOARD OF TRUSTEES DEAF, DUMB AND BLIND INSTITUTE.
(Colored.)

Rev. Joshua Phipps, Austin; W. D. Miller, Austin; Ed Schultze, Austin; E. Cartledge, Austin; W. M. Dunson, Austin; S. F. Grumbles, Austin.

BOARD OF MANAGERS EPILEPTIC COLONY.

E. V. Muir, Abilene; John Boyer, Abilene; B. L. Russell, Baird; H. B. Cook, Abilene; E. E. Hall, Abilene; Geo. Miller, Abilene.

BOARD OF MANAGERS STATE ORPHANS' HOME.

John H. Hice, Aaron Ferguson, R. J. Saunders, Wm. Conner, W. B. Parker, R. S. Neblett and M. Young, all of Corsicana.

BOARD OF MANAGERS STATE INDUSTRIAL SCHOOL FOR BOYS.

Dr. S. P. Brooks, Waco; M. M. Harris, Waco; D. R. Hall, Gatesville; F. H. Robertson, Crawford; W. W. Sealey, Waco; Dr. D. C. Homan, Oglesby.

BOARD OF MANAGERS STATE INDUSTRIAL SCHOOL FOR GIRLS.

Mrs. Edward Rotan, Waco; Mrs. J. W. Galbreath, Ft. Worth; Patrick Henry, Ft. Worth.

BOARD OF MANAGERS STATE TUBERCULAR SANITARIUM.

T. J. Clegg, M. B. Pulliam, Chas. Hobbs and George Bird, all of San Angelo.

STATE BOARD OF HEALTH.

Dr. A. W. Fly, Galveston; Dr. K. H. Beall, Ft. Worth; Dr. B. F. Calhoun, Beaumont; Dr. B. M. Worsham, El Paso; Dr. H. L. McLaurin, Dallas; Dr. S. M. Lister, Houston.

INDUSTRIAL ACCIDENT BOARD.

J. D. Sayers, Austin; W. J. Moran, Tarrant County; O. P. Pyle, Belton.

STATE BOARD OF MEDICAL EXAMINERS.

Dr. J. H. Evans, Pres., Palestine; Dr. J. F. Bailey, Vice-Pres., Waco; Dr. W. L. Crosthwaite, Sec., Waco; Dr. W. B. Collins, Crockett; Dr. G. L. Bader, Quitman; Dr. E. B. Osborne, Cleburne; Dr. M. E. Daniel, Bonham; Dr. J. T. Crowe, Dallas; Dr. S. L. Scothorn, Dallas; Dr. G. W. Johnson, San Antonio; Dr. H. C. Marrow, Austin.

STATE BOARD OF DENTAL EXAMINERS.

T. S. Cartwright, Denison; A. F. Sontag, Waco; M. J. Biscoe, Ft. Worth; C. M. McCauley, Abilene; W. F. Sherrer, Houston; W. D. McCarty, San Antonio.

STATE BOARD OF PHARMACY.

H. V. Schumann, New Braunfels; J. R. Crittenden, Fairfield; J. A. Weeks, Ballinger; H. C. Jackson, Austin.

STATE BOARD OF VETERINARY SURGEONS.

C. C. Parker, San Angelo; S. J. Swift, Austin; J. W. Burby, San Antonio; W. A. Knight, Houston; F. G. Cook, Paris; T. W. Watson, Corsicana.

STATE BOARD OF NURSE EXAMINERS.

Maud Mueller, San Antonio; Lucy Brunson, Temple; Clara L. Shackford, Galveston; Mildred Bridges, Ft. Worth; M. E. Chumley, Waco.

STATE BOARD OF EMBALMING.

G. W. Laudermilk, Dallas; C. B. Sutherland, Corsicana; C. N. Humason, Lufkin; L. C. Puckett, Waco.

STATE MINING BOARD.

C. N. Avery, Chairman, Austin; I. J. Broman, Inspector, Austin; Howard Bland, Taylor; W. K. Gordon, Thurber; Wm. Wimberly, Decatur; A. S. Master, Stephensville; H. C. Koehler, San Antonio; N. M. Bullock, Rockdale.

STATE HUMANE SOCIETY.

Mrs. R. L. Pollard, Austin; Mrs. O. H. Butler, Austin; Mrs. T. S. Maxey, Austin; J. G. Palm, Austin; A. J. Eilers, Austin; J. E. Farnsworth, Dallas; Mrs. P. K. Ewing, Houston; Dr. B. F Kingsley, San Antonio; Rev. P. A. Heckman, Temple; Miss Genevieve Powers, Victoria.

LIVE STOCK SANITARY COMMISSION.

W. N. Waddell, Ft. Worth; J. W. Johnson, San Angelo; A. M. McFadden, Victoria.

STATE QUARANTINE OFFICERS.

A. S. Pollock, Sabine; V. E. McFarland, Eagle Pass; J. A. Ramsey, Aransas Pass; T. J. McCamant, El Paso; O. L. Crouch, Port O'Connor; E. S. McCain, Brownsville; B. H. Carleton, Velasco; J. L. McGlasson, Galveston; W. E. Lowery, Laredo.

GOVERNING BOARD AGRICULTURAL EXPERIMENT STATION.

W. H. Mayes, Brownwood; P. L. Downs, Temple; Chas. Rogan, Austin.

LIBRARY AND HISTORICAL COMMISSION.

Mrs. Joseph D. Sayers, Austin; Mrs. Joseph B. Dibrell, Seguin; H. N. Fitzgerald, Dallas.

BOARD OF PARDON ADVISERS.

O. C. Kirvin, Mexia; Louis von Haven, Fredericksburg.

BOARD OF WATER ENGINEERS.

Prof. J. C. Nagle, John Wilson, E. B. Gore.

FIRE INSURANCE COMMISSION.

S. M. Inglish, State Fire Marshal; A. H. Haynes, Austin; W. W. Collier, State Commissioner of Insurance and Banking, ex-officio Chairman.

BOARD OF APPRAISERS OF SCHOOL LANDS.

R. W. Priest, Carthage; L. E. Cowling, Canyon; J. T. Robison, Land Commissioner, ex-officio.

SAN JACINTO PARK COMMISSION.

Joe S. Rice, Houston; Mrs. Rosine Ryan, Houston; J. K. P. Gillespie, Houston.

GONZALES STATE PARK COMMISSION.

R. S. Dilworth, Gonzales; J. W. Rainbolt, Gonzales; Jno. C. Jones, Gonzales.

PILOT COMMISSIONERS FOR GALVESTON.

R. W. Smith, Galveston; T. J. Anderson, Galveston; T. L. Cross, Galveston; Daniel McBride, Galveston; C. N. Rode, Galveston; Geo. M. Kelley, Galveston.

PILOT COMMISSIONERS FOR HOUSTON.

E. A. Peden, Houston; J. S. Bonner, Houston; Jack O'Neal, Houston; P. C. Foley, Houston; W. S. Cochran, Houston.

PILOT COMMISSIONERS FOR PORT ARANSAS.

Frank Swenson, Port Aransas; J. E. Cotter, Port Aransas, W. B. Harmon, Port Aransas; R. L. Mercer, Port Aransas; J. P. Brundrett, Port Aransas; E. B. Mercer, Port Aransas.

PILOT COMMISSIONERS FOR PORT ARTHUR.

Geo. M. Craig, Port Arthur; J. Carthell, Port Arthur; F. H. Robinson, Port Arthur; J. Frank Keith, Port Arthur; B. L. Root, Port Arthur.

PILOT COMMISSIONERS FOR SABINE-NECHES CANAL.

S. W. Livingston, Orange; Harvey Gilbert, Beaumont; Harvey Fletcher, Beaumont; F. H. Farwell, Orange; Eugene Ligon, Beaumont.

PUBLIC WEIGHERS FOR GALVESTON.

E. K. Marrest, Galveston; J. E. Labusan, Galveston; C. M. Wolston, Galveston; O. R. Hoecker, Galveston.

PUBLIC WEIGHERS FOR HOUSTON.

S. E. Boyd, Houston; W. C. Crane, Houston; David Rice, Houston; W. E. Edmundson, Houston.

TEXAS EMPLOYES' INSURANCE ASSOCIATION.

H. B. Rice, Houston; J. S. Radford, Houston; J. S. Cullinan, Houston; Paul Waples, Ft. Worth; E. R. Bolton, Waco; L. Miller, Orange; W. E. Mosher, Dallas; E. T. Moore, Dallas; S. T. Morgan, Dallas; Gustav Giesecke, San Antonio; Ernest Stevens, San Antonio; Eugene Cherry, Sherman.

TEXAS NATIONAL GUARD.

Commander-in-Chief—Gov. O. B. Colquitt.

Adjutant General—Brig. Gen. Henry Hutchins.

Personal Staff—Lieut.-Col. Otto Herold, Dallas; Lieut.-Col. W. W. Cameron, Waco; Lieut.-Col. E. H. R. Green, Terrell; Lieut.-Col. F. A. Chapa, San Antonio; Lieut.-Col. A. Gross, Waco; Lieut.-Col. O. C. Guessaz, San Antonio; Lieut.-Col. D. J. Matthews, Houston; Lieut-Col. H. B. Moore, Texas City; Lieut.-Col. J. L. Peeler, Austin; Lieut.-Col. J. S. Williams, Paris; Lieut.-Col. Otto Wahrmund, San Antonio; Lieut.-Col. F. G. Pettibone, Galveston.

Adjutant General's Department—Brig.-Gen., Henry Hutchins, Austin, Adjutant General; Assistants: Col. E. R. York, Austin; Maj. P. M. Hunt, Stamford; Maj. F. J. Badger, San Antonio.

Inspector General's Department—Major Walter G. Lacy, Waco; Major Allen Buell, San Antonio; Major E. H. Roach, Dallas.

Judge Advocate General's Department—Major Thomas P. Buffington, Anderson; Major Ingham S. Roberts, Houston; Capt. F. S. Rogers, Kaufman.

COMMERCIAL LAWS

ARREST.

Imprisonment for debt is abolished.

ASSIGNMENTS.

Suspended by the National Bankruptcy Act of 1898.

ATTACHMENTS.

The judges and clerks of the district and county courts, and justices of the peace, may issue writs of original attachment, returnable to their respective courts, upon the plaintiff, his agent, or attorney, making an affidavit, in writing, stating (1) that the defendant is justly indebted to the plaintiff, and the amount of the demand; (2) that the defendant is not a resident of the State, or is a foreign corporation; (3) that he is about to remove permanently out of the State, and has refused to pay or secure the debt due the plaintiff; (4) that he secretes himself so that the ordinary process of law cannot be served on him; (5) that he has secreted his property for the purpose of defrauding his creditors; (6) or that he is about to secrete his property for the purpose of defrauding his creditors; (7) or that he is about to remove his property out of the State without leaving sufficient remaining for the payment of his debts; (8) or that he is about to remove his property, or a part thereof, out of the county where the suit is brought, with intent to defraud his creditors; (9) or that he has disposed of his property, in whole or in part, with intent to defraud his creditors; (10) or that he is about to dispose of his property with intent to defraud his creditors; (11) or that he is about to convert his property, or a part thereof, into money, for the purpose of placing it beyond the reach of his creditors; (12) or that the debt is due for property obtained under false pretenses. The affidavit shall further state: (1) That the attachment is not sued out for the purpose of injuring or harassing the defendant; and (2) that the plaintiff will probably lose his debt unless such attachment is issued. Bond in at least double the amount sworn to be due must be given. Attachment may be issued before debt is due.

CHATTEL MORTGAGES.

Chattel mortgages, deeds of trust or

other instruments of writing intended to operate as a lien upon personal property, not accompanied by immediate delivery, and followed by actual change of possession is void against subsequent purchasers or lien holders in good faith, unless such instrument or a true copy thereof shall be forthwith deposited with and filed in the office of the county clerk of the county where the property is situate, if the mortgagor be resident of this State, then of the county of his residence. Upon receipt of such an instrument the clerk shall indorse thereon the time of receiving it, and shall file the same for the inspection of all parties interested. The instrument shall not be recorded in entirety, but the clerk shall enter a minute of it in a book kept for the purpose, stating time of receiption, names of mortgagor and mortgagee, date of the instrument, amount secured, when due, property mortgaged, etc. The person making such an instrument shall not remove the property pledged from the county, nor sell or dispose of the same, without the consent of the mortgagee; in case he does the mortgagee is entitled to the possession of the property and to have the same then sold for the payment of his debt, whether the same has become due or not. Contracts of purchase on time notes, as is usual with pianos, sewing machines, etc., must be recorded as chattel mortgages to be good or valid against creditors, etc. Every mortgage, deed or trust or other form of lien attempted to be given by the owner of any goods, wares or merchandise daily exposed to sale, in parcels, in the regular course of the business of such merchandise, and contemplating a continuance of possession of said goods and control of said business by sale of said goods by said owner, is deemed fraudulent and void. All reservations of the title to property held in chattels as security for the purchase money thereof are held to be chattel mortgages, and when possession is delivered to the vendee, are void as to creditors and bona fide purchasers, unless such reservations be in writing and registered as required of chattel mortgages; provided, that nothing in this provision shall be construed to contravene the landlord and tenants act.

COMMERCIAL PAPER.

Three days of grace allowed on all negotiable paper. Paper maturing on Sunday or legal holidays, which are considered as Sunday, is legally due the preceding business day. The holder of of any bill of exchange or promissory note assignable or negotiable by law may secure and fix the liability of any drawer or endorser of such bill of exchange and every endorser of such promissory note without protest or notice, by instituting suit against the acceptor of such bill of exchange or against the maker of such promissory note before the first term of the District or County Court to which suit can be brought after the right of action shall accrue, or by instituting suit before the second term of said court after the right of action shall accrue and showing good cause why suit was not filed to first term next after the right of action accrued. If the amount of such commercial paper be within the jurisdiction of a justice of the peace, the liability of the drawer or endorser may be fixed by instituting suit against the acceptor or maker within 60 days next after the right of action shall accrue. The liability of any drawer or endorser may also be fixed by protest in the usual form.

CONDITIONAL SALES.

Conditional Sales of Chattels, where the vendee takes possession, are treated as mortgages, and must be registered as against creditors and innocent purchasers.

CONSIGNMENTS.

The embezzlement or fraudulent conversion of consigned property is made punishable as theft, with imprisonment for not less than two nor more than ten years.

CORPORATIONS.

There is a general law of the usual character as in other states for the creation of private corporations in Texas. The charter must be subscribed by three or more persons, two of whom at least must be citizens of the State, and must be acknowledged by them before an officer authorized to take acknowledgement of deeds. Such charter shall be filed in the office of the Secretary of State, who shall record same and retain the original on file in his office. All of the authorized capital stock must be subscribed and at least 50 per cent of such authorized capital stock must be paid in before the Secretary of State is authorized to file articles of incorporation, and the other 50 per cent. must be paid in inside of two years, under penalty of forfeiture without judicial ascertainment. An amount equal to one thousand dollars per mile of road must be subscribed and five per cent of the amount subscribed paid in to the directors of a railroad company at the time of organization. The amount of the capital stock of insurance companies shall not be less than $100,000 fully paid at time of organization. A copy of the charter, under the great seal of the State, shall be evidence of the creation of the corporation. Every foreign corporation is required to file a duly certified copy of its articles of incorporation with the Secretary of State, who is authorized to issue a permit to transact business in the State, such permit being limited to the purposes authorized by the statutes of Texas regulating domestic corporations. No foreign corporation can maintain any action, legal or equitable, in any court of the State upon any demand arising either out of contract or out of tort, unless at the time the contract was made or tort committed the corporation had filed its articles of incorporation in the office of the Secretary of State for the purpose of procuring its permit. This provision does not, however, apply to corporations created for the purpose of constructing or operating railways, or to such corporations as are required by law to procure permits to do business from the Commissioner of Agriculture, Insurance Statistics and History, nor does it apply to actions growing out of transactions relating to interstate commerce. The fees for permits are: Fifty dollars for the first $10,000 of its authorized capital stock, and $10 for each additional $10,000 or fractional part thereof. The fee is based on the capital invested in Texas, but the minimum is $250; and the maximum fee for permit to engage in loaning money is $1,000. All fees mentioned in this article shall be paid in advance into the office of the Secretary of State, and shall be by him paid into the State Treasury monthly. No permit is to be issued for a longer period than ten years. All foreign corporations are subject to the following franchise tax, payable to the State at Austin: One dollar on each $1,000 or fractional part thereof of the authorized capital stock of the corporation up to and including $100,000; and $2 on each $5,000 or fractional part thereof of such stock in excess of $100,000 and up to and including $1,000,000; and $2 on each $20,000 or fractional part thereof of such stock in excess of $1,000,000, and up to and including $10,000,000, and $2 on each $50,000 of such stock in excess of $10,000,000; unless the total amount of the capital stock of such corporation issued and outstanding, plus its surplus and undivided profits,, shall exceed its authorized capital stock, and in that event the franchise tax of such corporation for the year following shall be: Two dollars on each $1,000 or fractional part thereof of the authorized capital stock of such corporation, issued and outstanding, plus its surplus and undivided profits up to and including $100,000; and $2 on each $5,000 or fractional part thereof of such stock, surplus and undivided profits in excess of $100,000, and up to and including $1,000,000; and $2 on each $20,000 or fractional part thereof of such stock, surplus and undivided profits in excess of $1,000,000, and up to and including $10,000,000; and $2 on each $50,000 of such stock, surplus and undivided profits in excess of $10,000,000; provided that such franchise tax shall not in any case be less than $25. The above tax is due and payable annually on or before the first day of May. Penalty for failure to pay this tax, forfeiture of right to do business in the State.

ESTATES OF DECEASED PERSONS.

Every claim for money whether upon open account or note against a testator or intestate not presented within twelve months after the original grant of letters testamentary or of administration, the payment thereof shall be postponed until those presented within that time have been paid. No claim against the deceased shall be allowed unless it is accompanied by an affidavit in writing that the claim is just, and that all legal offsets, payments and credits known to affiant have been allowed. Such affidavit, if made by any other person than the owner of the claim shall state further that the affiant is cognizant of the facts stated. This affidavit, if made outside of the State of Texas, should be made before a commissioner of deeds for the State of Texas, clerk of a court of record having a seal or a notary public. If the administrator has been absent from the State during the twelve months after the granting of letters of administration, the time of his absence is not counted. A deed of trust duly executed, with power to sell, is not irrevocable on the death of the mortgagor, owing to the statute law regarding estates of deceased persons. Upon the death of a party who executes a deed of trust or a mortgage with power to

sell, the powers of the trustee cease or are revoked. The claim secured by said deed of trust or mortgage must be proved up as other claims against the decedent's estate, and the lien must be enforced and the sale of the property made under order of the probate court.

EXECUTIONS.

Executions are issued immediately after the adjournment of court or after the lapse of twenty days, where no defense is interposed in counties where the terms of court last longer than three weeks. In counties where the term continues longer or until all business is disposed of, execution may issue after twenty days from the rendition of judgment and the overuling of any motion therein for a new trial or in arrest of judgment, provided no supersedeas bond for appeal or writ of error has been filed and approved therein. Such execution is returnable to the first day of the next term of court or at thirty, sixty or ninety days if so requested by plaintiff. There is no stay of execution except in justice courts, and then only for ninety days on good security. Judgments lapse unless execution shall issue within twelve months from date of rendition.

EXEMPTIONS.

1. Homestead of a family, in a town or city is made to consist of not more than 200 acres, which may be in one or more parcels, and improvements thereon, in town or city or village, lot or lots, not to exceed $5,000, at time of their designation as a homestead, without reference to the value of the improvements thereon, exempt from forced sale for payment of all debts except for the purchase money thereof, or a part of such purchase money, the taxes due thereon, or for work and material used in constructing improvements thereon, provided that the same shall be used for the purposes of a home, or as a place to exercise the calling or business of the head of a family. Under the decision of the courts this allows the head of a family both a residence proper and a place of business. No mortgage, trust deed or other lien on the homestead shall never be valid except for the purchase money therefor, or improvements thereon, under contract executed as provided by law, and all pretended sales of the homestead involving any condition of defeasance shall be void. A temporary renting of the homestead shall not change the character of the same when no other homestead has been acquired. 2. All household and kitchen furniture, all implements of husbandry, all tools and apparatus belonging to any trade or profession, all books belonging to public or private libraries, and all family portraits and pictures; five milch cows and calves, two yoke of oxen, two horses and one wagon, one carriage or buggy, one gun, twenty hogs, twenty sheep, all provisions and forage on hand for home consumption, all saddles, bridles and harness necessary for the use of the family; and to every citizen not a head of a family, one horse, bridle and saddle, all wearing apparel, all tools, apparatus and books belonging to his trade or profession, all current wages for personal services. The exemption of personal property shall not apply when the debt is due for rents and advances made by a landlord to his tenant, or to other debts which are secured by a lien on such property.

HOLIDAYS (LEGAL).

The 1st of January, the 22d of February, the 2d of March, the 21st of April, the 4th of July, first Monday in September, the 25th of December of each year, and all days appointed by the President of the United States or by the Governor as days of fasting or thanksgiving, and every day on which an election is held throughout the State, are declared holidays, and shall be treated and considered as Sunday. If any of the days named shall occur on Sunday, the next day thereafter shall be observed as a holiday.

INTEREST.

The legal rate of interest, when there is no special contract, is six per cent. By contract up to and including 10 per cent. If higher rate than 10 per cent. is contracted for the whole interest is voidable, but the principal may be recovered.

JUSTICES' COURTS.

Jurisdiction extends to $200. Appeal to county court in all cases exceeding.

LEASES.

In general use, gives the landlord a preference equivalent as a lien to a mortgage.

LIMITATIONS.

Accounts, two years from time cause of action accrues; notes, four years; domestic judgments, ten years; foreign judgments, ten years. Written acknowledgement signed by the debtor only will revive the debt; payment of part will not.

MARRIED WOMEN.

All property, both real and personal, of the husband or wife, owned by him or her before marriage, and that acquired afterwards by gift, devise or descent, as also the increase of all land thus acquired, is the separate property of him or her, respectively. During marriage the husband has control of the same, but cannot subject his wife's separate property to his debts. All property otherwise acquired during marriage by either party is common or community property of the husband and wife, and during coverture can be disposed of by the husband without the consent of the wife. The community property is liable for the husband's debts. The wife may contract debts for necessaries furnished herself or children, and for all expenses which may have been incurred by her for the benefit of her separate property, and her separate property subjected to payment of the same. The husband, being in debt, cannot give property to his wife, so as to place it beyond the reach of existing creditors. A woman may mortgage her separate estate—the same not being the homestead—to secure her husband's debts. A married woman cannot contract as a partner in business, nor embark her separate means in trade.

MECHANICS' LIENS.

Any dealer, mechanic or sub-contractor, who may labor or furnish material, etc., to erect any house or improvement, or to repair any such, under or by virtue of a contract with the owner, or his agent, or contractor, upon filing his contract in the county clerk's office of the county where the improvement is situated, shall have a lien on such improvement, and all its properties, and also on the lot or lots of land necessarily connected therewith, to secure payment for the labor done, or material, etc., furnished for construction or repairs. The original contractors must file the contract within four months and the day laborer or other person within 30 days. An original contractor may file a verified account where he has no written contract. In this case the terms of the contract and the value and amount of the materials and work must be made specific. Any person who may furnish any material to any contractor, sub-contractor, agent or receiver, to be used in the erection of any house, or improvement, or to repair any such, or to construct or repair any railroad or its properties, by giving written notice to the owner or agent of such building, or the railroad company, or its agents, of each and every item furnished, and by showing how much there is due and unpaid on each bill of material furnished under said contract, at any time within ninety days after the indebtedness shall have accrued, may fix and secure a lien for the material furnished at the time or subsequent to the giving of the written notice above provided for, by filing in the office of the county clerk of the county in which such property is situated, and if it be a railroad company in any county through which its road may pass, an itemized account of his or their claim, etc. If the lien be against a railroad it shall extend to and include all its property. A lien is invalid as against a homestead unless it is made by virtue of a contract in writing, made before the material is furnished, and signed by the husband and wife and properly acknowledged by both. Liens are placed upon an equal footing without reference to the time wherein they are filed, and each lien holder is given his pro rata right in the proceeds of foreclosure of mechanics' lien.

SALES.

Any sale or transfer of any portion of a stock of merchandise otherwise than in the ordinary course of trade in the usual and regular prosecution of the seller's or transferrer's business or a sale or transfer of an entire stock of merchandise in bulk, shall be void as against creditors of the seller or transferrer unless the purchaser or transferree shall at least ten days before the sale or transfer, in good faith, make full and explicit inquiry of the seller or transferrer as to the name and place of residence or place of business of each and all creditors of the seller or transferrer, and the amount owing to each such creditor by the seller or transferrer, and obtain from the seller or transferrer a written answer to such inquiries, which answers shall be sworn to by the seller or transferrer, and unless the purchaser or tranferree at least ten days before the sale or transfer in good faith, notify or cause to be notified personally or by registered mail each of the seller's or transferrer's creditors of whom the purchaser or transferree has knowledge of said pro-

posed sale or transfer. Any purchaser or transferree who shall conform to the provisions of this act shall not in any way be held accountable to any creditor of the seller or transferrer for any of the goods, wares or merchandise that have come into the possession of said purchaser or transferree by virtue of such sale or transfer. The above provisions do not apply to sales by executors, administrators, receivers or any public officer conducting a sale in his official capacity, nor to a sale or transfer of stocks of merchandise for the payment of bona fide debts where all creditors share equally and without preference in the sale or transfer or the proceeds thereof.

POLK'S
DENTAL REGISTER
and DIRECTORY

IT IS A FACT that the leading and progressive men in the dental profession regard the **REGISTER** as a standard book of reference which ought to be in every dentist's library.

The Register is designed to so completely cover the dental directory field that further investment in that line will be unnecessary.

If you want to know the **COLLEGE STANDING** of the dentists you come in contact with, you will find it in the Register.

The **INDEX TO DENTISTS** in the Register will enable you to locate a **LOST FRIEND** if he is practicing anywhere in the United States.

Lists of Dentists arranged by States, giving Postoffice Address, with Population and Location of each place.

College and Class of Graduation.

All the Existing and Extinct Dental Colleges in the United States and Canada, with Location, Faculty, etc., arranged by States and Provinces.

Auxiliary and Post Graduate Institutions and Courses.

Dental Colleges in the United States and Canada arranged Alphabetically by Name.

Classified Directory of Business Pertaining to the Dental Profession.

The various National, Interstate, State and Local Dental Societies, Dental Journals, Boards of Dental Examiners, and other Dental Institutions.

The full text of the Laws for regulating the Practice of Dentistry in each State and Province.

Dental Department of the U. S. Army.

A Descriptive Sketch of each State and Territory and Province.

General Alphabetical list of Dentists, and reference to dental standing.

R. L. POLK & CO., Publishers

DETROIT. NEW YORK. BALTIMORE. CHICAGO.

When your advertising matter goes out hit or miss to any old sort of a list of names, there's bound to be tremendous waste.

Polk's lists are different—because they are based on original data—the data that goes into Polk's 400 City, County, State and National Directories. Directory publishing is our principal business.

98% delivery is guaranteed on our lists—can you ask for any better proof of efficiency?

Form letters—well executed—command attention. We do addressing, multi-typewriting, filling in, folding, enclosing and mailing.

CAUTION

Deal only with well-known publishers when giving orders for Directory advertising.

READ ALL ORDERS CAREFULLY BEFORE SIGNING, and do not sign duplicate "vouchers," as they are invariably used fraudulently.

PAY NO MONEY IN ADVANCE. All well-known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

Stout C E, r r, exp and tel agt.
Tandy Coal Co.

ABILENE.

Population 12,000. On the T. & P., W. V. and A. & S. Rys., in Taylor county, of which it is the county seat, 161 miles west of Fort Worth. It is the largest city on the T. & P. Ry. between Ft. Worth and El Paso, an up-to-date city, with paved streets, street railway, abundant supply of good water, electric lights, gas plant, ice factory, flour mill, capacity 300 bbls. daily; broom factory, bottling works, cotton oil mill, cotton compress and 4 cotton gins; a fine federal building for postoffice and court purposes, a $150,000 bond issue has been voted for a new county court house building. The state epileptic colony with 350 occupants, $1,000,000 worth of buildings and covering 640 acres is located here. The altitude is over 1,700 feet and the climate is exceptionally agreeable and healthy. Fine farming lands can be bought reasonably and good farmers are wanted, where good money can be made in farming. The secretary of the Chamber of Commerce, or any Abilene real estate dealer, will gladly furnish any further information. There are 3 banks with combined capital of $450,000 and deposits of $1,500,000. The Daily Reporter, Semi-Weekly Reporter and several church and college papers are published. Located here are Simmons College, Abilene Christian College, Cooper School for Boys, a college preparatory school, one of the best of its kind in the country, and several public and private schools and a kindergarten. There is a good public library and churches of all denominations. The principal shipments are cotton, cotton seed products, live stock and farm produce. The compress receipts last season were 46,000 bales and by wagon 10,000 bales of cotton. Tel., W. U.; Exp., W. F. & Co. and Adams. Telephone connections. T. S. Rollins, postmaster.

AMARILLO.

Population, 11,000. The judicial seat of Potter county and the capital of the Pan-Handle, is located on the Ft. W. & D. C., the P. & N. T., the S. K. R. R. of Texas, and on the C. R. I. & G. R. Railroads, 622 miles from Galveston and 1,043 southwest of Chicago. These four railroads centering here, with their freight terminals, roundhouses, shops, etc., make it the principal railroad point between Kansas City and the Rio Grande a distance of over a thousand miles. Amarillo has a water works system with a capacity of 1,500,000 gallons daily, sewerage system, electric light plant, thoroughly equipped fire department, local and long distance telephone facilities, 5 banks, first class hotels, 2 newspapers, churches of the leading denominations, fine schools, etc. The government has maintained a weather station here since 1894, and has also an experimental farm, whose operations in the cultivation of various grasses, fodder, plants, etc., are of great value. The Chamber of Commerce is an important factor in the upbuilding of the community. Tel., W. U., Exp., Adams, U. S. and W. F. & Co.

BEAN J L, Postmaster.
Fellmy C R, genl store.
Sears E F, cotton gin.

ARANSAS PASS.

Population 2,000. An incorporated city in San Patricio county on the S. A. & A. P. Ry, and on the gulf coast 22 miles east of Corpus Christi and 265 southwest of Houston. Aransas Pass is six miles from Port Aransas and is connected with it by a terminal railway. Port Aransas is a deep water port for all ocean-going vessels. The work of deepening the channel to at least 30 feet is now in progress by the U. S. government. Already docks and warehouses have been constructed for exporting and importing cargoes from and to all parts of the world. In August, 1913, two cargoes of cotton, approximately 20,000 bales, were shipped from Port Aransas to Liverpool and other points. These were the first shipments made from this point. It is now a regular port for all coast line vessels for receiving and discharging freight. This spells a great reduction in freight tariffs to all southwest Texas and means that Aransas Pass will become an important distributing point for this great section of the country, as well as a port for exporting the great volume of cotton grown in the interior. Has churches of all leading denominations, 2 banks, a weekly newspaper, cotton gins, compress and a number of special and general stores. Tel., W. U.; Exp., W. F. & Co., Telephone connections. Garland P. Tarrant, postmaster.

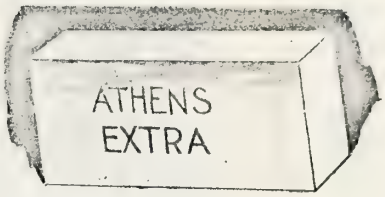
ATHENS FIRE BRICK CO.

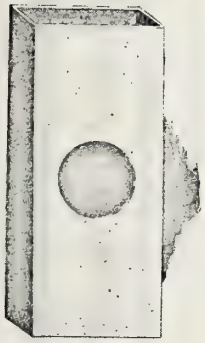
ATHENS, TEXAS

MANUFACTURERS OF

High Grade Fire Brick and Hollow Building Tile



SOUTHERN REPRESENTATIVES:
EVENS & HOWARD FIRE BRICK COMPANY
ST. LOUIS, MO.



Our fire brick are guaranteed to be the best manufactured south of St. Louis. A good large quantity of square and standard shapes carried in stock at all times and orders of any size can be promptly taken care of.

We are the original and only manufacturers of absolutely Fire Proof Hollow Building, floor and partition tile in the southwest. Tile manufactured by us is made from strictly pure fire clay, the same as is used in the manufacture of our famous "Athens Fire Brick." Our tile has been used in all the larger buildings in this State and Louisiana.

Write us for prices and detailed information relative to Fire Brick, Hollow Building, Partition and Floor Tile, Wall Coping, Flue Lining, Drain-Tile, Sewer Pipe and in fact, anything in the Fire Clay Products Line.

ELECTRO-GALVANIC RINGS ARE NOT SOLD, BUT A DEPOSIT IS REQUIRED

After 30 days use the deposit may be withdrawn if desired

YOU HAVE EVERYTHING TO GAIN, NOTHING TO LOSE

A New Discovery by a Texas Man!

Electro-Galvanic Ring Batteries

A DRUGLESS HARMLESS REMEDY

For Rheumatism, Neuralgia, Aches, Pains, Indigestion, Female Trouble. Eczema, Nervousness, Stomach, Bowel, Kidney Trouble, Fits, Cramps, Etc.

The rings are composed of Electro Positive and Negative Metals. When worn on the fingers produce a mild current of Electricity through the entire body, thus expelling all forms of disease; Purifying the blood and strengthening the nerves and muscles, and improves the appetite.

Copy of Bank Letter

The First National Bank

Capital Surplus and Profits $200.000.00

To Whom It May Concern:

Mr. T. B. Jones has been personally known to me for more than 30 years, during which time I have had considerable business relations with him, all of which have been satisfactory.

Mr. Jones now has on deposit with this bank one thousand dollars ($1000.00), with which we are authorized to make good his personal guarantee on the Electro-Galvanic Rings invented by him.

Mr. Jones has kept this special deposit with us for more than a year, and we have yet to hear of a case where he has failed to make good.

His Guarantee is as follows:

The money advanced for the rings is security of good faith. If returned promptly at the end of 30 days, the money will be returned, regardless of results. But, if good results are obtained, the customer is expected to keep and recommend the rings.

Very respectfully,

(Signed) J. W. MURCHISON, Cashier.

READ THESE TESTIMONIALS:

Alfred Hutcherson, Athens, Texas, writes: "This is to certify that I was afflicted with rheumatism and headache for many years. I had tried many remedies without results. I secured two Electro-Galvanic Rings over a year ago and began noticing beneficial results at once and in about one month I was well. I am an old Confederate soldier and lost one arm at the battle of Chickamauga. I wore two rings on different fingers and they have cured me. My wife used the rings for deafness and headache and they have also cured her. I will gladly answer letters containing stamps."

Mrs. Mary Tippers, Butler, Texas, writes: "I have been wearing Electro-Galvanic Rings for the last few months, and must say they are wonderful. I had suffered untold misery from rheumatism; but as soon as I began wearing the wonderful rings I began to get better. I cannot express the good they have done me."

A. N. Smith, Izora, Texas, writes: "My grandson had an attack of meningitis last July and was paralyzed in one side. He had been down for seven months, not able to turn over or move his arm or foot. After using Electro-Galvanic Rings for a week he was able to sit up and place his crippled hand above his head, and he is still improving. I praise Electro-Galvanic Rings above all other remedies, I know they have cured him."

J. B. Jones

Write for full particulars explaining the manner in which Nitrogen and Oxygen are produced from Copper and Zinc, and converted into Electricity; how Electricity and Carbonic Gases affect the human system. How these gases strive for supremacy, one to perpetuate, the other to destroy and decay, accounting for life and death. Free trial offer and other testimonials upon request.

REGISTRAR, ST. EDWARD'S COLLEGE, AUSTIN, TEXAS

Texas Deaf and Dumb and Blind Institute

FOR COLORED YOUTHS

This school teaches the literary branches to and including the tenth grade; it also teaches tailoring, shoemaking, mattress, basketry, dairying, foot-mat, broommaking, domestic science, domestic art and agriculture, hog and poultry raising. In addition to the seven buildings, there are barns for all the domestic animals, and one hundred acres of good farm land.

REV. J. I. DONALDSON, SUPERINTENDENT — AUSTIN, TEXAS

St. John Industrial Institute and Orphanage

Located One Mile North of Austin.

Orphans under twelve years of age, sound in mind and body, and unable to pay are admitted free of charge.

Orphans and other persons over twelve years of age may be admitted upon application.

The Institution has three hundred acres of land

in connection with its industries, where the students are given an opportunity in learning agriculture, horticulture, stock and poultry raising, dairying, etc. Other industries taught in the Institute: domestic science and art, hairdressing, manicuring, massaging, plain and fancy sewing, tailoring, millinery, blacksmithing, wheelwright, instrumental and vocal music, also shorthand, bookkeeping and typewriting. Literary branches from the first grade up to and including the high school are also taught. The school runs twelve months in the year.

Summer Encampments

are held annually on the campus of the Institution, where people of all trades, professions and religious denominations are gathered, and specialists employed to lecture and teach. Special courses are given here during the summer for farmers who have not the time to leave their crops to attend school.

A Chair of Sunday School Pedagogy

has been installed preparing young persons for usefulness in their respective communities. For the present, nine teachers are employed for twelve months in the year to look after the literary and industrial phases. For the summer school, about two hundred lecturers and specialists of both races are employed for fifteen days. This Institution is under the auspices of the St. John Encampment with a Governing Board of twelve members; an Advisory Board of five prominent white business citizens of Austin and vicinity. The Institution is indorsed by Bishop King Solvin, of the Episcopal Church; Father John O'Keefee, of the Catholic Church; the Austin Ministerial Association (White); the Governor and State House officials of Texas.

The School is Located

at such a distance from town as to take away the excitement of city life, giving the student an opportunity of applying himself diligently to study and research.

A Negro-town-site is being laid off and the Waco-Temple Interurban has been surveyed through the property. The Lampases branch of the Houston and Texas Central runs within two hundred yards of the building, giving persons an opportunity of getting on or off. The street cars of Austin come within one mile of the premises. Splendid public roads on every side of the farm, making access to the Institution without difficulty.

TERMS REASONABLE.

TILLOTSON COLLEGE, Austin, Texas

Opened to Students, 1881.

First Charter, 1877. New Charter, 1909.

ONE OF THE SIX HIGHER EDUCATIONAL INSTITUTIONS OF THE AMERICAN MISSIONARY ASSOCIATION

ISAAC M. ACARD, Ph. D., President
W. H. HAMLIN, Treasurer

PURPOSE—The elevation of the Colored people of the great Southwest through Christian education.

LOCATION—One of the finest and most strategic in all the West and South.

SERVICE—Tillotson College is a school of high ideals among a rising people. During its more than thirty years it has prepared hundreds of aspiring students to make brighter homes and to be valuable citizens and worthy leaders of their race.

RECENT PROGRESS AND GROWTH—Within the last few years the College has greatly broadened the range of its service, nearly doubled its enrollment, and made splendid additions to its buildings and equipment.

EVANS INDUSTRIAL BUILDING—This building, made possible by the generous conditional gift of Major Ira H. Evans, of Austin, and the hearty response of the College and its friends, was opened to students in 1912, providing for Colored young men some of the finest privileges for industrial training in the South.

ADMINISTRATION BUILDING—This fine building, already nearly half completed, will enlarge greatly the accommodations and equipment of the College.

COURSES—The College offers Collegiate courses leading to the degree of Bachelor of Arts; Secondary courses in College Preparatory, Normal, Commercial and General Studies; Music courses in Piano and Voice Culture; Industrial courses in Woodworking, Iron Working, Agriculture, Printing, Domestic Science and Domestic Art; Bible and Moral instruction; Common School Training in Intermediate and Grammar grades.

SELF-HELP FOR STUDENTS—The work of building and the general service of the Institution provide self help for many who need assistance. Courageous seekers for an education, willing to work for a superior training, will find substantial aid at Tillotson.

FURTHER INFORMATION—For Catalogue and further information, address the President of the College.

Moore C A, general store.

AUSTIN.

Population 29,860 (U. S. census 1910) The capital of Texas and county seat of Travis county, was first incorporated December 27, 1839. It is located on the Colorado river at its narrowest point, and has an area of 16 square miles; altitude of 700 feet; the commission form of government; an assessed valuation of $21,591,990, with between $8,000,000 and $9,000,000 worth of property not subject to taxes. Has a bonded debt of $2,192,500; 185 miles of street; 20 miles of paving; 65 miles of public sewers; 21 miles of electric railway; municipal sewerage system; fine system of water works with a daily capacity of 6,000,000 gallons; a thoroughly equipped and efficient fire department; police department; 61 miles of gas mains laid; a public school system embracing 8 schools for white and 6 for colored children, with 145 teachers and an enrollment of 5,450 pupils; the University of Texas, the largest school in the South, with an enrollment of over 3,400 pupils; St. Edward's College, St. Mary's College, Texas Wesleyan College, Kenilworth School, Austin College, Texas School for the Deaf, Texas School for Defective and Sanitarium for Mental Diseases, Whitis School, Swedish College, Presbyterian Theological Seminary, State Deaf and Dumb and Blind Institute, Blind Institute, Tillotson Institute, Sam Huston College for Colored Children, St. John Industrial Institute and Orphanage.

Transportation facilities are afforded by the H. & T. C., the I. & G. N., and the M., K. & T. Rys. There are 25 churches for the white and 10 for the colored population; 2 hospitals, 2 sanitariums, first-class hotels, 4 banks, 2 building and loan associations, the Public State Library, with 35,000 volumes and the University of Texas Library with 90,000 volumes. The bank clearings for 1913 were $121,608,482.36, and postal receipts $154,524.53. Austin's importance as a jobbing center is rapidly increasing from year to year, and as the commercial interest of the city are more extensively advertised through the Chamber of Commerce the advance will be still more apparent. Austin's stores are a credit to it. The city is a leading retail center because it is a city of good schools and colleges, good homes and good people, a desirable place in which to live. The people of the city for the most part are prosperous and well-to-do and buy the better class of goods. It is a city of substantial interests, steady growth and clean business methods; the size and character of its stores draw trade for many miles, and the merchants carry as fine stocks as are found anywhere in Texas. Among the principal manufacturing institutions are included: ice factories, lime plants, foundries and machine shops, cotton compresses, hay press works, gin and mill machinery works, mattress factory, marble and granite works, planing mills, soap factory, candy factories, canning factory, broom factory, brick yards, flour mills, cotton bale tie factory, cigar factories, feed and grist mills, cement works, cotton seed oil mills, etc. The press is represented by 2 daily newspapers, 10 weeklies and a number of monthly and quarterly publications. Is the location of the State Confederate Home, The Confederate Home and the Texas State Lunatic Asylum.

Travis county contains an area of 1,036 square miles, two-thirds of which is rolling prairie and the remainder mountainous, and some of it heavily timbered. Some of the finest farm land in the State is located in this county, the soil known as the Houston black clay being the typical black prairie soil of this section, and unsurpassed in fertility and adaptation to the different crops. Local and long distance facilities. Tel., W. U. Exp., Am. and W. F. & Co. Jefferson Johnson, postmaster.

BEAUMONT, TEXAS

This advertisement is not written with the idea of fighting competition. The policy of The Enterprise—conservative, business-like—has enabled us to build a great newspaper.

The Beaumont Enterprise

has a larger circulation and carries more advertising than any newspaper printed in any city of similar size in the United States.

Quantity and Quality Circulation is a result-producing combination hard to beat. 13,436 daily and 16,171 Sunday (Average December, 1913) constitutes our Quantity. Write for the circulation TODAY.

Beaumont has a population of 28,000 (estimated 1913), located in the heart of the Oil, Lumber, Rice and Agricultural section of Southeast Texas. Beaumont draws trade in large volumes from West Louisiana. Some of the nearby towns in which The Enterprise circulates are: Port Arthur, 20 miles, population over 12,000, pay roll over $200,000 monthly; Orange, 20 miles, population over 8,000, pay roll over $200,000 monthly—Interurban line connects Beaumont and Port Arthur. Good graded shelled roads to all rural districts.

The Enterprise covers a large territory in East Texas and West Louisiana thoroughly and practically exclusively.

The Enterprise is a result-producing medium.

FOR LISTS OF NAMES

Any Business or Profession

— ADDRESS —

R. L. POLK & CO., Chicago, Ill.

The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

R. L. Polk & Co.
Directory Publishers

Where does your Advertising go?

When your advertising matter goes out hit or miss to any old sort of a list of names, there's bound to be tremendous waste.

Polk's lists are different—because they are based on original data—the data that goes into Polk's 400 City, County, State and National Directories. Directory publishing is our principal business.

98% delivery is guaranteed on our lists—can you ask for any better proof of efficiency?

Form letters—well executed—command attention. We do addressing, multi-typewriting, filling in, folding, enclosing and mailing.

American Home Life Insurance Company
FORT WORTH, TEXAS

Texas Best Company, W. T. WAGGONER, President

retail trade $5,000,000 and its general agriculture nearly $1,000,000. Banking facilities are afforded by the American National Bank, the First National Bank, the Gulf National Bank and the Texas Bank and Trust Co. The city has 8 fine brick schoolhouses for whites, with adequate facilities for the education of the colored population and numerous fine churches of the leading religious denominations. Its citizens are wide awake and progressive and have advanced their city three-fold in a dozen years. It is surrounded by a fine agricultural country which is just developing and offers many opportunities to all kinds of endeavor. Along the gulf coast from the Sabine river westward is a section known as the rain belt of Texas, a section where drouths are unknown and farming a practical certainty. Beaumont lies in the heart of this section, while through its railroads it is the natural center of the empire of East Texas, the seat of the great lumber industry and the section to which is coming a great agricultural evolution as the pine forests are converted in the saw mills. The climate and surroundings of Beaumont make of it a great summer and winter resort. Its location makes of it the center of commerce and trade and its industries and commercial houses are growing in number and power with each year. It commands rail and water rates equal to those of any city in the state and offers facilities for business found in but few cities. The annual postal business of the city is $85,000, the bank deposits are over $7,000,000 and the bank clearings $32,000,000. Beaumont is the center of the rice belt of Texas and Louisiana and has three of the largest rice mills in the world. This is the location of the famous Spindle Top oil fields, has three of the largest oil refineries in the country and pipe lines from the Oklahoma Caddo and all southwest oil fields. Has 15 miles of electric street railway, an interurban under construction to connect with Port Arthur, a system of shell surfaced roads radiating to all parts of the county, and more automobiles than any other city of similar size in the south. Has 2 daily newspapers, one of the most substantial commercial organizations in the country and is one of the healthiest cities in Texas. Tel., W. U., Exp., U. S. and W. F. & Co. Local and long distance telephone facilities. Charles R. Bone, postmaster.

Population 5,000. The county seat of Bee county, is an attractive city situated on the main line of the S. A. & A. P. Ry. and the terminus of a branch of the S. P. Ry., 93 miles southeast of San Antonio. It is the market center for a large and fertile farming section, where general farming, cotton growing, stock raising and bee keeping are profitably and extensively carried on. Beeville has a cotton oil mill, 2 large gins, broom factory, wholesale grocery, marble works, up-to-date mercantile establishments in all lines, has 3 banks and two weekly newspapers, The Bee and The Picayune. The schools are of the best in the state for a city of its size and here are churches of the Baptist, Methodist, Catholic, Presbyterian, Christian and Episcopal denominations, besides negro and Mexican churches. The principal shipments are cotton, cotton seed products, farm products, brooms, broom corn, honey, etc. Tel., W. U. Exp., W. F. & Co. Telephone connections. J. T. Ballard, postmaster.

towns of its age. The town was founded in 1910 and now has all the modern improvements. It is surrounded on all sides by a fine area of black farming lands, well adapted to raising corn, cotton, citrous fruits, winter vegetables, livestock, poultry and dairying. Nature has been profuse in blessing this section with a rich soil and a splendid climate. The country is mainly undeveloped and here are splendid opportunities for the industrious homeseeker. Bishop has good churches and schools, 2 banks, a weekly newspaper, 2 cotton gins, and a number of modern retail stores. Tel., W. U., Exp., W. F. & Co. Charles H. Jones, postmaster.

LAND THE SOURCE OF ALL WEALTH

Nine out of ten men make their money out of land. Have you made any that way?

Texas is attracting the farmers and investors of the world. The Panama Canal will make Texas the gateway from the Southern Countries. This will greatly increase the price of our lands, and insure good returns on investments.

I have no "Get rich quick" propositions, and no thribble your money over night investments, but I have, and handle, only safe and sane deals.

If you are interested you can learn of my business methods by addressing almost any North Texas Bank.

BRENHAM.

Population 6,500. The judicial seat of Washington county, is located at the junction of the G. C. & S. F. and H. & T. C. Rys., 94 miles east of Austin and 126 miles northwest of Galveston. The county lies in the upper second tier of counties from the Gulf of Mexico and is beyond the influence of the salt atmosphere that effects the staple farm products. Its soils are varied, not less than 15 types being present, and the farmer has always been able, even in adverse years, to maintain himself with the products of his farm. Cotton and corn are the ruling staple crops. During the past ten years the county has produced an average crop of 41,000 bales of cotton, while the minimum crop has never fallen below 36,000 bales.

As the industrial center of that section Brenham now maintains 3 wholesale grocery firms, a $250,000 oil mill and ice plant, an electric light plant, cotton mill, foundry and machine shop, overall factory, creamery, mattress factory, cigar factory and numerous lesser industries. Brenham's public school system has taken high rank and the 3 fine brick ward schools attest the attention given to the education of its youth. St. Mary's Academy, Blinn Memorial College and numerous private schools are also maintained. The resident sections boast more modern homes than any city in the state, and with 28 miles of concrete sidewalk connecting them with the business section, they make an ideal and homelike section worthy of cities of greater proportions. There are churches of the leading religious denominations, 3 banks with deposits of over $3,000,000, and 2 daily and weekly newspapers, the Banner and the Press. Local and long distance telephone facilities. Exp., W. F. & Co. Tel., W. U. Wm. E. Dwyer, postmaster.

BROWNSVILLE.

Population 12,500. The extreme southwestern city of the United States and the gateway to Mexico, via the line of least resistance, is the metropolis and commercial center of the Rio Grande Valley, "The Garden Spot of America," acknowledged to be the richest agricultural section of the United States. It is the most populous city in the Gulf Coast south of Galveston. It has good hotels, public and private schools, churches of all the leading religious denominations, several daily and weekly newspapers, 2 national banks, a bank and trust company, a private bank, sewerage, electric lights, water works, street cars, paved streets and miles of cement sidewalks, also a magnificent country club with an excellent golf course.

The summers in Brownsville are delightful, made so by the cooling breezes that blow from the Gulf of Mexico. A heat prostration has never been heard of and a sunstroke has never occurred The winters are very mild. Sleet and snow are never seen and frosts are few and far between. There was but one time during the past winter when the thermometer registered as low as 32 degrees, and it remained at that point only a single hour. The average minimum temperature for winter is 46 degrees and for summer it is 73 degrees. The average mean maximum temperature for winter is 70 degrees and for summer it is 94 degrees. The average yearly rainfall is 26.89 inches. Sufferers from asth-

DALLAS, TEXAS

ma, catarrh and rheumatism find speedy and permanent relief.

There is an abundance of tropical plants, while figs, pomegranite, banana trees and grape vines furnish shade for the endless variety of beautiful flowers which bloom throughout the year.

Agriculture is the chief industry of the Brownsville country where "Every month is seeding time and every month a harvest." Truck growing is conducted on an extensive scale, 2,300 carloads, consisting of cabbage, spinach, lettuce, beans, turnips, potatoes; tomatoes, watermelons, cantaloupe, cauliflower and Bermuda onions having been shipped during the present season. Strawberries, grapes, figs and citrus fruits are successfully grown throughout the Brownsville country. There is a large acreage planted to sugar cane and the valley is often referred to as "The Sugar Bowl of America." Cotton, corn, sorghum and alfalfa are staple crops.

In 1905 there were 3,500 acres of land under irrigation in the lower Rio Grande Valley. There are today 20 canal companies, representing a total investment of $15,000,000, owning 238 miles of main canals and approximately 593 miles of laterals with a present capacity for irrigating 500,000 acres.

Heroic Matamoros, the quaint, picturesque and historic border town of Mexico, lies across the Rio Grande from Brownsville and may be reached either by ferry or by the international bridge which spans the river and connects the St. L. B. & M. Ry. with the National Lines of Mexico.

Point Isabel, 22 miles northeast of Brownsville, with which it is connected by a narrow-gauge railroad, is situated on the Laguna Madre. Directly across is Padre Island and within sight the beautiful pass of Brazos Santiago, where the placid waters of the Laguna meet and mingle with those of the Gulf of Mexico. It is known as the fisherman's mecca. Tarpon are plentiful during the summer months. Point Isabel is an ideal summer resort. The bathing is excellent and the hotel accommodations are first-class. The country between Brownsville and Point Isabel abounds in game of every description, and ducks, geese, snipe, plover, quail, doves and pigeons are plentiful in season. In 1893 Lieutenant W. H. Chatfield, U. S. Army, wrote: "The town of Point Isabel has a bright future before it. There is not a finer place on the east coast of the United States for the establishment of a famous winter resort."

It is apparent, even to the casual observer, that additional transportation facilities must be provided to meet the requirements of the Rio Grande Valley, the development and production of which have far exceeded the most sanguine expectations; that new markets must be found for the products of this section and that the ever increasing volume of business to and from valley points and territory contiguous thereto is such as to warrant the expenditure necessary to establish a deep water port at Brazos Santiago. United States government engineers have already recommended the project as entirely feasible and a study of existing conditions should be sufficient to convince the most skeptical that this improvement is certain to be undertaken in the very near future. It will be one of the most important harbors in the United States and, obviously, one of the most strategical. Through it will pass the commerce of the richest agricultural section of the United States and the richest and most populous sections of eastern, central and northern Mexico. A plan for the utilization of the present water facilities at Brazos Santiago, where there is now a depth of nine feet of water on the bar, is under consideration and rail connection between Brownsville and that point is practically assured.

There is not a city in the Union today that offers greater opportunities for profitable investment than does Brownsville. Her proximity to the great oil fields of Mexico insures an abundant and permanent supply of cheap fuel, and water transportation, which is practically assured, will place her in the forefront of the great commercial and manufacturing cities of the country. Tel., W. U. Exp., W. F. & Co. Telephone connections. Mrs. Jessie O. Wheeler, postmaster.

Mills J W, general store.

BRYAN.

Population 7,000. County seat of Brazos county. Located on the main line of the H. & T. C. Ry. and the Ft. Worth division of the I. & G. N., 100 miles north of Houston and is one of the most prosperous cities in South Central Texas. Bryan is justly proud of her educational facilities. The great Agricultural and Mechanical College of Texas is located at College station, 6 miles from Bryan, and connected by an interurban railway. This school is maintained by the state of Texas, assisted by the U. S. government and ranks among the great schools of the country in advancement of scientific agriculture and horticulture and the mechanical arts and architecture. The military department ranks among the first ten military schools of the U. S. and graduates of this department may enter the U. S. army service as commissioned officers. The Villa Maria Ursuline Academy, Bryan Baptist Academy and Allen Academy are located here which, in conjunction with good high and graded public schools and a well-equipped Carnegie library, constitute an educational force not equalled by any other city in the state. The churches are represented by the Methodists, Baptists, Free Will Baptists, Episcopal, Catholic, Christian and Presbyterian denominations. Commercially, Bryan takes front rank; is one of the great cotton centers of the state and probably receives more wagon cotton than any other city or town in the world. It is estimated that 50,000 bales of cotton were marketed in Bryan last year. Has 3 strong banks with approximate deposits of $2,000,000. Has a daily and weekly newspaper, the Eagle, cotton oil mill and compress, 2 wholesale grocery houses, several cotton gins, municipal water, sewer and lighting systems, paved streets and sidewalks, beautiful homes and substantial business blocks. A large number of buildings are under construction, and a new Federal building is expected to be completed within the year. From an agricultural standpoint Bryan knows no failures. Rainfall is normal. Cotton is the great money crop, but diversified farming and cattle raising are successfully carried on. Bryan and the country tributary have merely started in the line of development and in its future development Bryan invites the capitalist, the homeseeker and the toiler to investigate her resources and opportunities and all so doing will receive hearty welcome and substantial encouragement from Bryan's business citizens. Tel., W. U. Exp., W. F. & Co. Telephone connections. J. Allen Meyer, postmaster.

Carter W T & Bro, lumber mnfrs and general store.

CAMERON.

Population 5,000. County seat of Milam county, located on Little river and at the junction of the G. C. & S. F. and S. A. & A. P. Rys., 188 miles northwest of Galveston and 53 south of Waco. Cameron is a modern progressive city with substantial business blocks and fine homes. Has electric lights, sewer system, municipally owned water works with an unlimited supply of pure water; has churches of the leading denominations, fine public schools; has 3 banks, 2 weekly newspapers, the Enterprise and the Herald, 6 cotton gins, cotton oil mills and compress, a wholesale grocer house, a wholesale house for knit goods and mill products, a 50-ton ice plant, steam laundry, and machine shop. Cameron is the center of a very rich farming section. Cotton and corn are the staple crops, although much diversified farming is carried on. Livestock and poultry raising, dairying, fruit and truck farming are well adapted to this climate and soil. Milam county produces annually from 75,000 to 85,000 bales of cotton, most of which is received for market at Cameron. The spirit of progression is much in evidence in Cameron. The streets are paved and kept clean and in a sanitary condition. New business blocks are under construction, a handsome depot building is being built by the G. C. & S. F. Ry. A $50,000 sanitarium building is in contemplation and this precinct has recently voted a good roads bond issue. Active work on the roads will begin at once, and within a year every road leading into or out of Cameron will be a highway for easy travel. Valuable deposits of lignite coal are found in Milam county and considerable coal mining is carried on. Tel., W. U., Exp., W. F. & Co. Telephone connections. Thomas A. Pope, postmaster.

CANADIAN.

Population 2,000. The county seat of Hemphill county, is located on the A. T. & S. F. Ry., 98 miles northeast of Amarillo. Canadian has three resources which have caused it to become noted as the best and busiest of its size in the Panhandle. First, it is a division point of the Sante Fe Railroad, both freight and passenger, with roundhouse and machine shops full of men, having a pay roll of $30,000 per month and beautiful station buildings, Harvey Eating House club rooms for employes, etc. Second, it is the logical center for marketing the great crops of wheat, corn, kaffir and maize, broom corn, dairy products, poultry and produce grown in Hemphill and surrounding counties. 338 cars of wheat and broom corn, worth half million dollars were shipped from this point in 1912. Third, and most important, the live-stock industry. The value of livestock in Hemphill county alone is upward of two million dollars, and Canadian is the center for cattle shipments for several counties adjoining. It is estimated that 30,000 head of cattle were shipped from this point in 1912. Has five church buildings and seven church organizations, Sunday schools and other church auxiliaries. The church denominations are Baptist, Methodist Presbyterian, Christian, Campbellite Episcopal and Catholic. The Woman's Christian Temperance Union has a strong organization and has recently erected a building at a cost of $10,000. Canadian is recognized as an educational center. The Canadian Baptist Academy, correlated with Baylor University is located here and offers instruction in the usual literary departments and the fine arts. It is well endowed and a $20,000 dormitory will be constructed this season. The Canadian Business College has recently located here where full business courses are taught. The public schools, graded and high, are of the best. Canadian is replete with substantial business blocks and fine residences. Not a building is idle and here is a good opening for capital to invest in building good residence property. Within the last two years there have been erected a court house, $40,000, an hotel, $50,000, a high school building, $35,000, an ice plant, $20,000, electric light plant, $40,000, a church, $12,000 W. C. T. U. building $10,000, a laundry, bottling works, besides may fine residences. A water works and sewerage system will be installed this season. Canadian has a modern packing house in successful operation The resources of Canadian are in their infancy. Large salt deposits are known to underlie this sec-

Clear Lake Cotton Gin Co.
Denison W R, general store.
Hillis S H & Son, general store.
Hogge Wm, grocer.

CLEBURNE.

Population 10,364 (census of 1910). Present estimate, including suburbs, 14,000. On G., C. & S. F., M. K. & T., T. & B. V. and Ft. W. S (electric) railways, 28 miles south of Fort Worth, in the center of Johnson County of which it is the county seat. The presence here of the principal shops of the Santa Fe system, with some 1,500 employees sharing a monthly pay roll of $100,000, has developed Cleburne into an important railroad city, a trifle more rapid in growth than in civic improvements. Situated, as it is, in the cross timbers, high and dry, in a rich agricultural region, with fruit and garden truck and cotton to the eastward, grain and hay to the north and south, excellent grazing on the prairies to the west, Cleburne's prospects are assuredly bright. Recently the city has taken over its water works system with ten artesian wells varying in depth from 600 to 1200 feet and supplying 1,000,000 gallons of excellent water per day. Municipal ownership of its sewer system is under contemplation. A new city charter

will facilitate street paving and the laying of sidewalks. A handsome court house and an equally handsome post-office have just been completed. These with an A1 high school building, Clebarro College, St. Joseph's Academy, a Carnegie Library of 6,500 vols., a R. R. Y. M. C. A. of 1,000 members, an unrivalled school system with an enrollment of 2,700 pupils and twenty or more churches of leading denominations are tending to make Cleburne a city to take its place among the progressive cities of the state. Cleburne has three banks, two hotels, two daily papers, the Review and Enterprise, each with a weekly edition, and one semi-weekly, the Chronicle. Cotton, grain, hay and livestock are among its principal shipments. Tel., W. U., Exp., Am. and W. F. & Co. Telephone connection. C. A. Dickson, postmaster.

CORPUS CHRSTI

Population 16,000. The judicial seat of Nueces county, is located on and overlooks from its high bluff, two magnificent bays, Corpus Christi and Nueces, and with its advantageous surroundings is destined to become one of the leading cities on the continent both as a commercial and agricultural center and as a resort town.

Three railroads enter the city, the T. M., the St. L., B. & M. and the S. A. & A. P., and early in 1914 the San Antonio, Uvalde & Gulf R. R. will be running its train into Corpus Chdisti . The growth of the city during the last eight years has been most rapid and substantial. The bank deposits have jumped from $300,000 to $3,000,000; property values from $1,290,000 to $7,455,000; postoffice receipts from $8,354 to $39,367—Tonnage handled by the railroads and steamship lines amounted to 180,000 tons in 1912 an increase of 80 per cent over 1911. Owing to its location and freight rates Corpus Christi is the jobbing center of Southwest Texas.

The United States government has twice deepened the channel leading to deep water at Port Aransas, the last turning base adjacent to the municipal dredging being thirteen feet with a docks. These docks, built at a cost of $50,000 are under municipal control and one of the few in the country which is not a private monopoly.

The city owns its own water supply and has recently completed sanitary and storm sewers costing $175,000. Has completed a City Hall costing $50,000 and has let the contract for some ten miles of street paving to cost approximately half a million dollars, and has voted bonds for the building of a garbage disposal plant. The county has voted bonds to the amount of $250,000 for a county Court House and $165,000 for the building of a causeway to connect Nueces and San Patricio counties. Corpus Christi is surrounded by as rich land as are found in any state in the Union. The yields of cotton, forage crops and winter vegetables are very prolific, the principal products being cotton, corn, milo maize, kaffir corn, sorghum, and other forage crops, and winter vegetables in the nature of cabbage, onions, beans, tomatoes, etc. Corpus Christi has become known throughout the country as a resort city. Two magnificent hotels have been built to care for the tourist trade, and in addition there are other hotels, furnished cottages, rooming houses, boarding houses, altogether having a total of over 5,000 rooms, with which to house visitors. The city having manifold attractions, bathing, boating, fishing, hunting, affords at all times amusements for tourists. There are 3 banks, 2 daily and 2 weekly newspapers, and an active Commercial Club, whose secretary will be glad to furnish any desired information concerning the city and vicinity. Tel., W. U. Exp., W. F. & Co. Local and long distance telephone facilities. Edwin G Crabbe, postmaster.

CORSICANA.

Population 14,000. The judicial seat of Navarro county is located on the H. & T. C., the St. L. S. W. and T. and B. V. Rys., 163 miles northeast of Austin and 55 south of Dallas. During 1914 an interurban railway between Corsicana and Dallas will be completed. The oil fields are among the best producing in the state and 2 large oil refineries are located here. Gas wells in the vicinity furnish natural gas at a small cost. Corsicana has 10 churches, 8 brick school buildings, electric light, sewerage system, paved streets, a $35,000 public library, ice plant, one of the handsomest court houses in the state, a thoroughly equipped fire department, a natatorium, 2 telephone systems, water works, a $40,000 opera house, first class hotels, city hall, a handsome new postoffice, 4 banks, 2 daily, a semi-weekly and 2 weekly newspapers, electric street railway, etc. Among the more prominent industries are 2 cotton seed oil mills, a cotton mill, cotton compress, cotton gins, overall factory, candy factory, 2 foundries, brick and tile works, 3 planing mills, 2 bottling works and 4 lumber yards. Has a Commercial Club and a Booster Club. Local and long distance telephone facilities. Tel., W. U., Exp., Am. and W. F. & Co. H. E. Kinsloe, postmaster.

Crystal Water Ranch Co, cattle breeders.
LEVIN M E, Postmaster.

CUERO.

Population 5,000. The judicial seat of Dewitt county is located on the S. A. & A. P. and S. P. Rys., 135 miles west of Houston and 103 southeast of San Antonio. Has 12 churches, modern school buildings and an enrollment of 1,100 pupils, a newly installed sewerage system, water supply secured from 3 deep artesian wells from which flows 100,000 gallons daily; fire department, local and long distance telephone facilities, first-class hotels, over $3,000,000 in taxable values, 3 banks, 2 sanitariums, and is free from all swampy or malarial conditions. The press is represented by 2 daily and weekly newspapers, the Record and the Star; a German weekly, Der Missionfreund, and a semi-weekly, Der Deutsche Rundschau. Cuero has one of the largest cotton mills in the South, with 7,000 spindles and 168 looms, using 4,000 bales of home-grown cotton annually, and giving employment to over 200 people. Has a cotton oil mill with 100 tons daily capacity, a compress handling 49,000 bales each season, and one of the largest electric water power plants in the South. From a health standpoint Cuero has great advantages over other towns in the mid-coast section, being 40 miles from the Gulf of Mexico, from which comes the cool, delightful breezes all summer long. The county has a total tax valuation of $18,800,000, and for the past forty years not a total crop failure. The climate and soil are adapted to the raising of cotton, corn, alfalfa, onions, cabbage, and all other kinds of truck, which is shipped into the northern markets early. Two of the largest turkey dressing plants in the world are located here, having a daily capacity of 5,000 turkeys. In 1912 Cuero shipped 18,000 bales of cotton, 537 cars of cattle, 38 cars of dressed poultry, 17 cars of hogs, 3 cars of sheep and 25 cars of cabbage, onions, and potatoes. This does not include large express shipments. Any additional information will be gladly furnished by writing to the Secretary of the Commercial Club. Tel., W. U. Exp., W. F. & Co. J. C. Woodworth, postmaster.

DALLAS.

Population.

Based on 1910 census figures, the population of Dallas, January 1st, 1914, was White, 107,246; Negro, 24,032; Total, 131,278. (Population 1910, 92,104; 1900, 42,638); 88,000 new people have come to Dallas since 1900. Increase last year, 2,190 by birth, 8,484 by immigration.

White death rate, 11.3 per thousand; Negro death rate 16.0 Total death rate of 13.2 per thousand, compares very favorably with a total average death rate of 19.8 per thousand of forty-seven leading cities of the United States.

Location.

Dallas is located in North Central Texas on the Trinity River, in what is known as the black waxey belt of Texas.

Historical

The first settlement was made in Dallas by John Neely Bryan in 1841, while Texas was an independent republic. The county of Dallas was organized in 1846, and it and the village were named after George M Dallas, Vice-President of the United States. It was not until railroad development began to take place in an active way, that either Texas or Dallas made their greatest progress. The population in Dallas in 1870 was only 5000. Two years later the rails of two steam roads reached the little village, transforming it almost over night, into a hustling, bustling city, doubling in population by 1880, and trebling again by 1890.

Farm Production.

From the lowest rank as an agricultural state, Texas has forged ahead until the U. S. Census Bureau announced it the leading agricultural state in the Union, producing in 1913, farm products valued at $685,361, 600. Thirty-eight per cent. of the Texas production comes from within a radius of 100 miles of Dallas In this territory is produced 10 per cent. of the cotton production of the world (2, 368,786 bales)

In the territory reached by Dallas on a lower freight rate than from St. Louis or Texas gulf points, comprising parts of Texas, Oklahoma, Arkansas and New Mexico, there are 4,082,620 people, which is one million more than the combined populations of Boston, Buffalo, Baltimore, Cleveland, Detroit, Pittsburg

and Los Angeles. This territory produces 15 per cent. of the cotton of the world or 31 per cent. of the crop of the United States, valued at 269 million dollars. The total annual production of wealth in the teritory is 814 million dollars, which is 354 million more than the dividends paid by the railroads of the country, 2¾ times as great as the factory wages of the state of Massachusetts, 257 million more than the factory wages of the state of New York.

million passengers annually. Within the territory reached from Dallas on a lower freight rate than from St. Louis, are 6,630,065 and 4,082,620 can be reached from Dallas on a lower rate than from Gulf points. Only six cities in the United States have a larger volume of express business than Dallas. Dallas has more express business per capita than any other city in the United States.

262 telegraph circuits lead out from Dallas, handling 18,497,300 messages annually, giving Dallas sixth rank in the United States in total volume of business.

Dallas has the largest telephone development per capita of any city in the United States; 218,537 phones are within 100 miles of the city; 643 towns are served from Dallas on a fifty cent rate; 169 towns on a twenty-five cent rate.

While Dallas is the fifty-fourth city in size, its postal receipts are thirty-third in volume, and as much as any two cities in the Southwest combined.

Dallas—The Cotton Center.

Dallas is located in the black waxey cotton belt of Texas, producing 43 per cent. of the cotton of the state within 100 miles of the city. 49.1 per cent. of the cotton acreage of the South is within 12 hours ride from Dallas. The Dallas Cotton Exchange has 73 members with buyers in every portion of this territory, who bought last year 1,459,000 bales, and paid out 92 million dollars, 80 per cent. of which was financed by Dallas banks. One-third of the cotton seed oil production of the United States is within 150 miles of Dallas.

Banking Center.

Dallas' banking resources are $43,502,548, being a gain of 192 per cent since 1900. Dallas banks carry 1,654 accounts with 566 banks in the surrounding territory, balances averaging $10,756,000.

As a Convention City.

During the last five years, Dallas has entertained from 40 to 50 conventions each year, among them being such conventions as the National Convention of Elks, National Association of Advertising Men, and Imperial Council of the Shrine. With 32 hotels, 6 comparing with any in the United States. Dallas is able to provide for the comfort and convenience of every visitor. Special mention should be made of the Adolphus Hotel, 22 stories high, having 300 rooms, costing $1,600,000. This splendid hostelery, in beauty of architecture and excellency of service, is without a peer in the United States, and is frequently compared to the Blackstone of Chicago.

Home Texas State Fair.

The State Fair of Texas, 28 years old, with grounds and permanent fire proof buildings valued at $1,364,000 brings to Dallas 600,000 to 700,000 visitors each autumn.

Dallas Leads.

Dallas leads the world in the manufacture of cotton gin machinery, in the manufacture of harness and saddlery; and in the distribution of agricultural implements is second only to Kansas City.

Dallas leads the Southwest in population, wholesale business, number of wholesale houses, factory output, number of factories, freight business, postal receipts and new buildings.

Dallas—An Automobile Market.

In 1900 one automobile was sold in Dallas. In 1913 there were sold from Dallas 11,900 automobiles and 674 motorcycles, which, together with tires and accessories made total sales of 18 million dollars

Texas has 54,368 automobiles, one to each 73 people. Within 100 miles of Dallas are 20,450 automobiles, costing $20,234,239.

Dallas' Building Record.

Though 54th in size, Dallas ranks 23rd with all cities in the United States in building record, the 1913 total $8,480,580. Forty-four million dollars of new buildings have been erected since 1900 Two million more than half of this total were erected during the last four years. Real estate sales last year were 45 million dollars.

A Good Place to Live.

Dallas has a water system supplying 12 billion gallons of clear, filtered water annually; natural gas in all parts of the city; an ideal sanitary system, including 219 miles of sewerage, a sewerage disposal plant, and a free garbage removal system; 167 miles of paved streets, 369 miles of concrete side walk. These, together with 8 parks and playgrounds, comprising 713 acres, make Dallas and ideal place in which to live. The park and boulevard systems are being developed under the direction of landscape architect George E. Kessler. Thirty-three public school buildings, 44 private schools and colleges, 108 churches, and two annual grand opera seasons provide for the moral, educational and cultural development and help to make Dallas popular with the mother and the children. Exp., Am.; U. S. and W., F. & Co. Tel., Mackay, Postal and W. U. B. M. Burgher, postmaster.

Thinking About Building? Why Not Build a Bungalow?

The Cosiest, Most Convenient Home on Earth

We can help you in making a selection. That's our business, pleasing particular people. For over twelve years in Southern California we planed and designed homes, always striving to produce something new, something novel, artistic, convenient, and practical. We feel that we accomplished that mission, and have built up a stock that numbers over two thousand, for homes to cost from $750.00 up. From our original tracings, we make blue prints; also from our specifications we make type written copies and can furnish you with complete plans and specifications for $10.00 per set. Our stock embraces all the modern designs of architecture such as the California Bungalow, Swiss Chalet, Italian Villa, Spanish Hacienda, Old English, French Chateau, and the novel Aero plane types. Our interiors call for all the latest designs in built-in features, so convenient, and surely big time savers to the house wife.

We have recently moved our business from Los Angeles to Dallas, Texas, that we might be in closer touch with general conditions, we have revised our plans and specifications to meet with your requirements. Our book "BEAUTIFUL HOMES" containing over one hundred pages, showing a general variety of plans, mailed post paid for fifty cents.

1605 MAIN STREET **"YE PLANRY"** DALLAS, TEXAS

Beautiful Homes

Does this happen in *your* office?

If you are troubled with chronic Directory borrowers, tell us about it, in confidence, and we will use our special borrower brand of salesmanship on the offenders.

The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

Municipal Bonds and Real Estate Mortgages

MUNICIPAL BONDS. We buy and sell bonds issued by cities and counties of Texas, Oklahoma and adjacent states.

REAL ESTATE MORTGAGES. Our loans are made, in Texas, on farms in the famous Black Waxy Belt; on stock farms in the Middle West Counties of the State; on ranches, and on improved business and residence property in the larger cities. We also make farm loans in Oklahoma, and on city property in Oklahoma City and Muskogee.

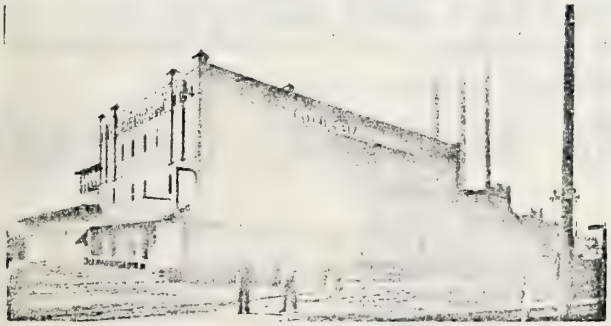
COLD STORAGE

Plant of COLUMBIA MFG. CO. (Formerly Lemp Ice Factory) Dallas, Texas



Modern Cold Storage and Artificial Ice

Cold Storage Capacity, - - 150 Carloads
Ice Capacity, Per Day, - - - 210 Tons

COLD STORAGE business of merchants, producers and shippers solicited. Twenty years successful experience with uniformly pleased patrons our claim for your confidence.

ICE shipments to all parts of North and Central Texas in car lots the year around at lowest market prices.

We invite the patronage of small ice plants for their requirements through the dull winter months, and are able, with our large capacity, to supply ice to such small plants during the slack season at a large saving as compared with their cost of production.

Saint Mary's College

Founded in 1889 by the Rt. Rev. A. C. Garrett, D. D., LL. D.

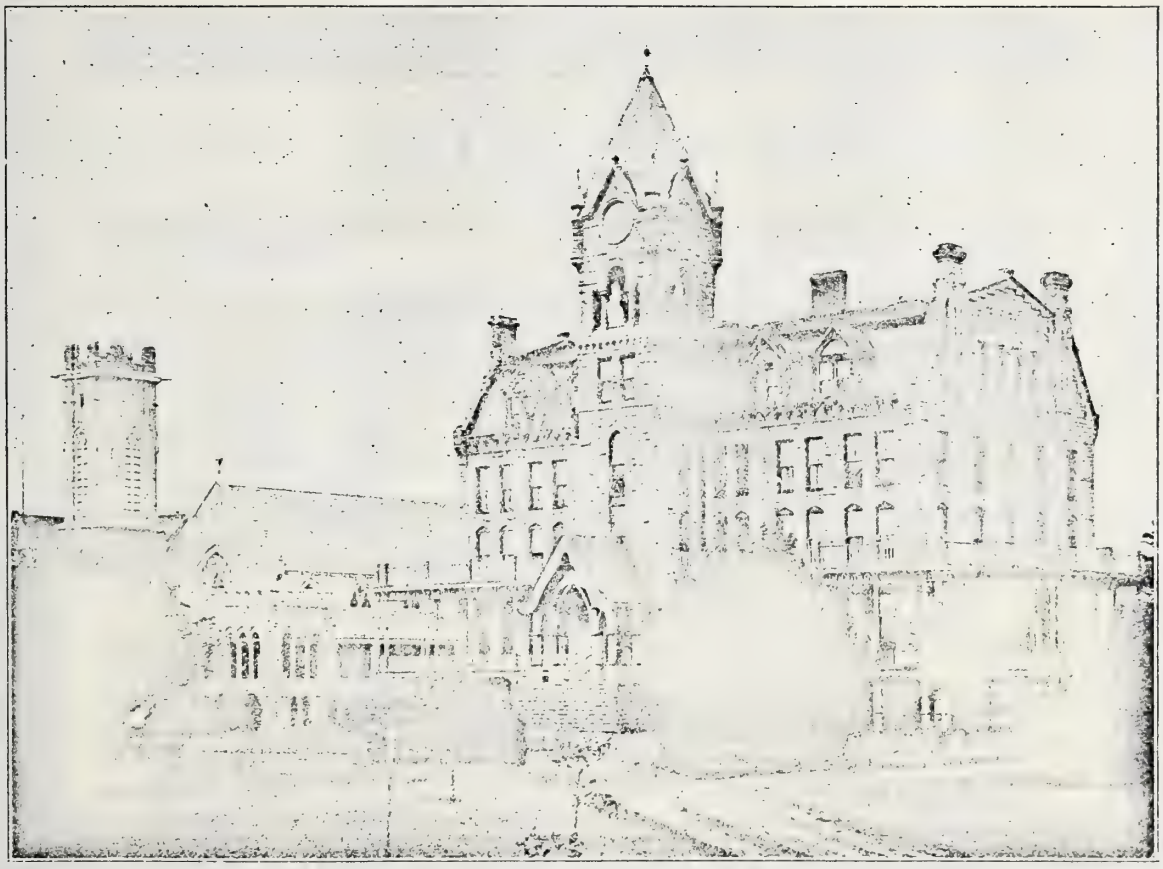
FOR THE CHRISTIAN EDUCATION
OF WOMEN

Under the Auspices of the

Protestant Episcopal Church

which is a sufficient guarantee for thoroughness in scholarship and the modest grace which comes of gentle breeding.

TWENTY-FIFTH YEAR



Its purpose is to surround those committed to its care with the quiet and dignified influence of a Christian home; to furnish their minds with sound knowledge; to mould their manners with gentle grace; to strengthen their bodies by the aid of regular hours, suitable exercise, and sufficient but simple food; and above all, in humble dependence upon the Divine blessing, to influence their hearts by the holy teaching of Christianity, as revealed in Scripture, and preserved in the Church.

Religion, equally removed from superstition and bigotry, affords the healthy atmosphere in which the best type of womanhood is grown; this Saint Mary's is designed to supply.

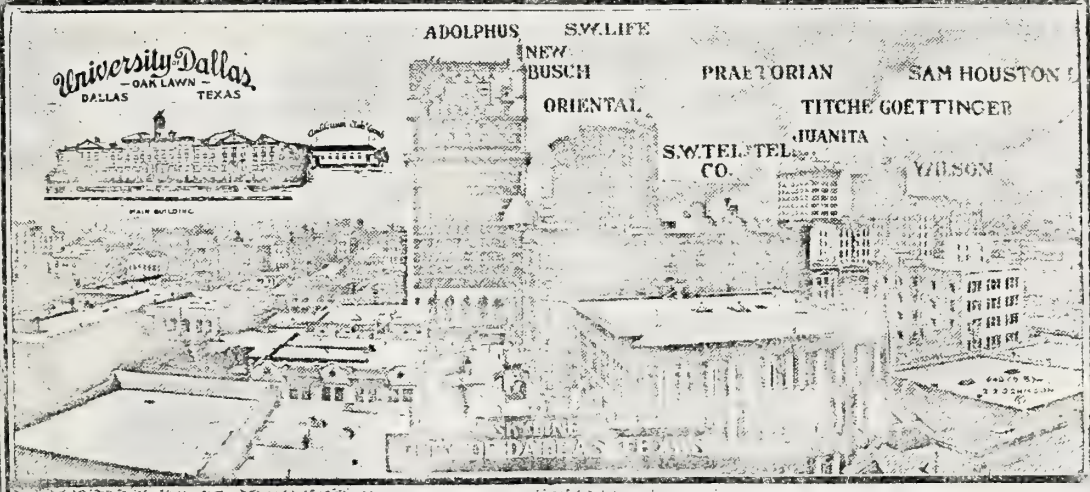
The religious instruction is in charge of the Bishop of Dallas, and under his direction there is a systematic study of the Holy Scriptures and Church History.

The College is located in the suburbs of Dallas. Electric cars run to the College gate from the city, rendering it possible for nonresident students to attend without inconvenience. The College building occupies a commanding site of twenty acres, lying on Garrett Avenue and extending from Ross Avenue to Bryan Street. The height and comparatively isolation insure the pure and healthful air of the country, while its proximity to Dallas renders it possible for the students to enjoy all the advantages of the city. The ample grounds afford every opportunity for out-of-door recreation—lawn tennis, basket ball and kindred games being enjoyed to the fullest extent—while the mildness of the climate makes life in the open air pleasant throughout the entire school year.

FOR CATALOGUE ADDRESS:

RT. REV. ALEX. C. GARRETT, D. D., LL. D., President.

College Hill, DALLAS, TEXAS



THE SKYLINE OF THE CITY OF DALLAS.

Shows with unmistakable clearness the wonderful growth of the beautiful "City of the Hour."

PREDOMINANTLY

Standing out and ranking among the largest and most thoroughly fireproof buildings of that city is the MAIN BUILDING OF THE UNIVERSITY OF DALLAS.

A modern five-story building, 368 feet long, 60 feet wide, of brick, stone and steel construction.

A building (situated in the center of a thirty-acre tract of ground, the elevation of which is 100 feet above the city), the beauty of which is not appreciated until seen and the size of which is not realized until comparisons are made.

IF THE MAIN BUILDING OF THE UNIVERSITY OF DALLAS

was placed on end next to the Adolphus Hotel its height would be far greater than that building, and it would at the same time occupy more ground space than the well known Praetorian Building.

For full particulars concerning OUR SCHOOL OF ENGINEERING, OUR COLLEGES OF ART AND SCIENCES and OUR ACADEMY, address THE REGISTRAR.

Southland Life Insurance Co.

THE betterment of human conditions is a constantly growing sentiment among civilized people, and, in consequence, this old world is becoming, all the while, more and more, a delightful place in which to live.

¶ Conditions influence our choice. Where we are happy, we are content to remain. Happiness centers around the fireside, and radiates from the home, and every influence that makes for a more ideal home life, adds to the sum total of human happiness.

¶ The greater number of ideal homes the greater sum total of human happiness, and the tremendous growth of life insurance among civilized people, in all the world, is due to the fact that life insurance saves the home. Through the medium of life insurance the man of moderate income may anticipate his earnings, and utilize his credit in fitting for a life of usefulness those committed to his care.

¶ Policies issued by the Southland are designed for the home builder. They are policies of indemnity. They recompense, in a measure, for the loss of services. They take the place of the bread winner, when the bread winner is no more. They stand between the hearthstone and the orphan's home.

¶ They are designed for the needs of humanity. Every element of speculation is eliminated, and the cost price of a policy, issued at any age, is simply the legal requirement. They are also fair in their terms, and as simply worded as a sight draft.

¶ Ask any Agent of the Company to tell you about the Company and its policies. If you desire to serve the Company in building up its business, and benefiting humanity, write us a line direct.

You do not have to die to win. Neither will you run the risk of losing your protection in old age. By taking our limited pay insurance you pay for it in your productive years.

Reserve of Over One Million is Evidence

that our rates are ADEQUATE and SAFE, and they remain the same through life, being computed upon a scientific basis by the best actuaries in America, leaving out the element of profit, there being no stockholders.

Compare our Plans, Rates and Special Benefits before taking insurance. If there is not a representative in your City, write direct to the Home Office, Dallas, Texas, and your inquiry will receive prompt attention.

C. B. GARDNER, President

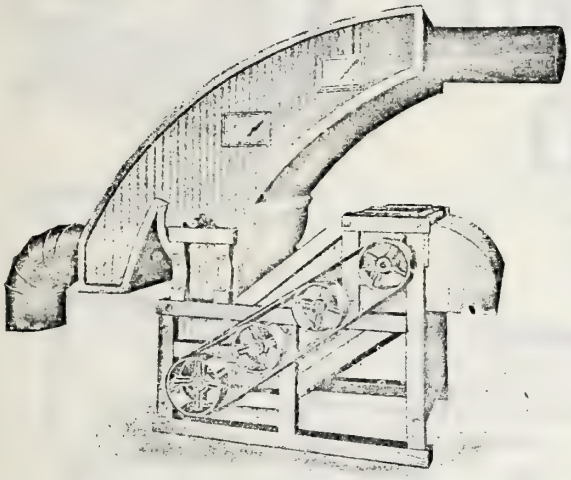
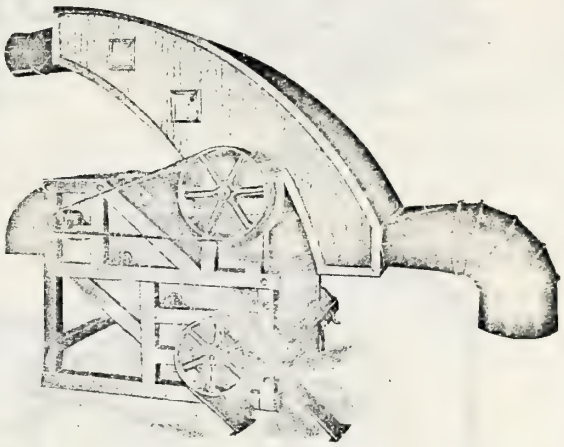
The Twentieth Century Machine



Cut Showing Counter Drive Side

Hart Cotton Huller and Cleaner

Built with all Steel Cylinders



Cut Showing Drive Side

Our business is Special Cotton Ginning Machinery.
Our motto is to treat Our Customer Right.
Our aim is the same as yours; but you have to get it first.
This is what we are trying to help you to do.
Get out of the old rut and walk with the progressives.

We wish to say to the ginning public that if you are interested in ginning cotton or in any wise interested in cotton and cotton seed that you are or should be interested in the Hart Cotton Huller and Cleaner, for reasons too numerous to mention. This machine was put on the market five years ago in Oklahoma and has proved to be such a success for handling all kinds of cotton, or in other words, for handling anything that has cotton in it, that today it is almost in universal use and is driving every other Cotton Cleaner out of the country. We have taken out every other make of cotton cleaner that is or has been in use and installed these machines in their places, throwing away the others as worthless junk.

In the dry sections this machine does almost a perfect job of cleaning the cotton and takes all the sand, dirt and trash out of the seed. In the wet sections the cleaning of lint cotton is not so perfect, but varies, as there is hardly ever two bales wet alike, or has the same amount of dampness, but the sand, dirt and trash is taken from the seed as well in the wet sections as in the dry sections.

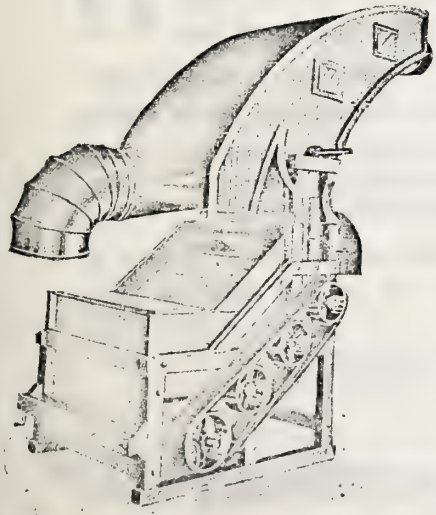
In any section of the country this machine will handle more cotton than any other machine. The gins using this machine can gin more cotton in the same length of time than they can with any other machine with the same expense, in some cases one-third more; this depends on the condition of the cotton, the damp wet cotton and gathered or boll cotton making the greatest difference.

Gins using this machine make better grades and better turnouts than with any other machine, or by any other process from the same cotton.

Gins using this machine turn out clean seed, the dirt, sand and trash is taken out of the cotton and seed before the cotton goes to the gins.

The machine cleans the cotton and seed out of the air current and this is the only practical way to clean cotton.

We have one customer using over 100 of these machines, which have been installed in the last five years, and several others using from three to fifteen, which have been installed during the same time. These same customers have installed every other make of Cotton Cleaners and have thrown them out and installed ours. If one of our machines has ever been taken out and any other machine installed in its place, we have never heard of it, and if any one else knows of such an instance we will thank them to tell us, giving the name and address and tell us what machine they installed.



Cut Showing Machine With Two or Three-Way Valves, for Two-story Gins, With Belt Distributors.

If you grow cotton, gin cotton, buy cotton, or crush seed, we will take pleasure in showing you where you are interested in this machine. This machine is worth several times what it costs in any section where cotton grows.

GREATER CAPACITY.
UNEQUALLED DURABILITY.
SIMPLICITY IN ARRANGEMENT, WHICH ENABLES THE MOST INEXPERIENCED TO OPERATE IT.

For fast ginning, fine sample, economy of operation, and long life, there is no other ginning machinery in the class with the MURRAY.

Every feature which makes for efficiency in the cleaning and ginning of cotton can be had in a superior degree in a Murray All Steel Outfit. We have at all seasons a complete gin plant at our factory in Dallas, Texas, of the latest improved type of both plain and huller gins with which to demonstrate to prospective buyers the work of Murray Gin Machinery.

All visitors to Dallas who are in any way interested in gin or Oil Mill Machinery are cordially invited to call at our office and factory and see our plant and the superior facilities possessed by us for manufacturing high-class machinery.

One distinctive machine in the Murray Outfit is The Murray Cleaner, which is universally recognized by ginners as the ONLY perfect Cotton Cleaner.

Investigate our Cleaner and you will buy it and profit by its installation in your gin house as thousands of good ginners are already doing.

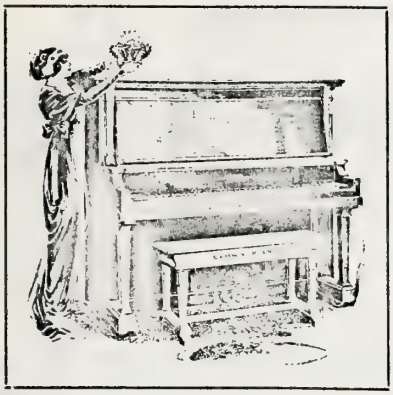
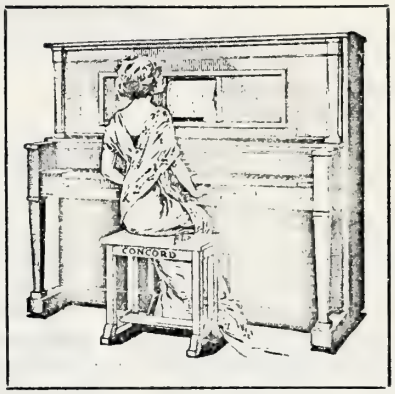
Select Your Piano
From These Dependable Makes



Crown Pianos

When that name goes ON the quality has gone IN, and it marks the climax of more than thirty years' experience in the building of high grade pianos. It means that this particular instrument has passed through every department of an efficient, up-to-date factory; that it is built from best adapted materials money can buy; that the scale is even, and the tone full, round and rich.

It means that skilful workmanship and sound ideas have combined to make it desirable; that this piano has defied the criticism of experts and has been judged worthy of the music lover's praise and the confidence which the self-respecting merchant places in it. Do you wonder that we are proud to let it take its place in the world to forever sing its own praise?



Concord Pianos

Are built to satisfy the popular demand for a standard, high grade instrument at a price within the reach of all. These attractive pianos are manufactured under careful supervision in one of the finest, most up-to-date factories in the country—selected and well seasoned materials only being used. The fact that more than 2,000 Concord pianos were made and sold during the past year leaves no doubt as to their popularity with the buying public, and the steady increase in sales is a splendid testimonial of their dependable qualities. An iron-clad guarantee goes with each instrument.

Send for booklet "Truths Tersely Told" which explains piano values, also what the purchaser should look for in the selection of an instrument.

NEAL INSTITUTE

DRINK HABIT CURED

QUICK—EASY

The Neal treatment for drink habit is beyond question the most perfect, most humane and most effective in existence to-day. Not a particle of danger connected with it. A ten year old child can take it with perfect safety; a ninety year old man can take it with perfect ease. No hypodermic injections, no hyoscine, no dangerous or depressing drugs, just a simple, effective vegetable remedy taken by the mouth, that positively eliminates all the alcoholic poison from the system and forever removes all desire and craving for liquor in four or five days' time. No pay unless satisfied. Write for free booklet and encouraging information.

Morphine Habit

The Neal Institute of Dallas, during the past eighteen months, has set a new standard in the South, in the treatment of morphine, cocaine, chloral, laudanum, opium, and other narcotic drug addictions.

The enviable position which the Neal Institute today occupies in medical circles of Texas has been won only by the most painstaking efforts upon the part of the medical director of the institute in the interest of its patients.

Today a large number of Texas physicians are sending us their drug patients, for they have found out, through former dealings, that the Neal Institute's treatment for Drug Addictions is by far the most sane and rational method used in the South. It is not the nerve wrecking and oftimes dangerous ordeal which has heretofore characterized Drug Addiction treatments.

The careful, conscientious attention which is given each patient; the harmlessness and painlessness of the treatment; the short time required; and the permanency of results have all combined to make the Neal Institute supreme in this particular field, in the State of Texas.

Booklet mailed on request. Correspondence confidential.

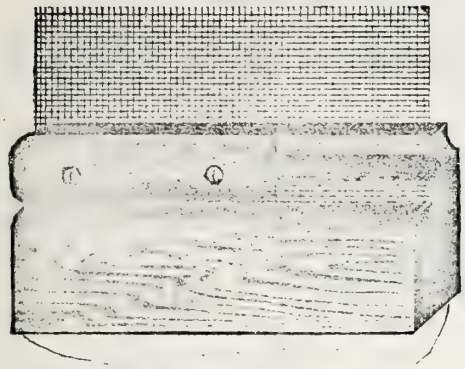
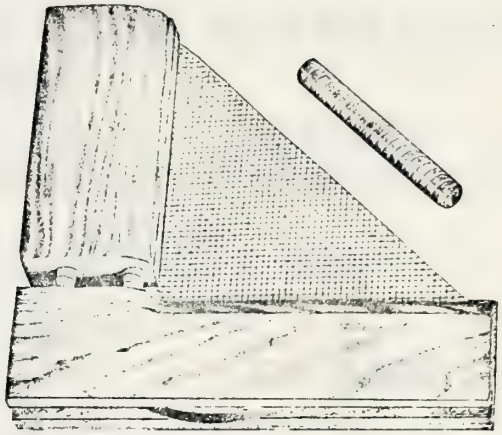
WHY OUR SCREENS ARE THE BEST



"Lock-Wire" NO TACKS

By our new method the wire is uniformly stretched and securely held at every point.

There are no tacks or metal rods to come in contact with and hasten the rusting of the screen wire.



A section showing the way our frames are made, being put together with kiln-dried grooved dowel pins, much superior to mortise and tenon, as our past ten years of this kind of work has proven.

To Our Patrons

Ours is strictly **A HOME INDUSTRY**, and we offer many advantages to those desiring anything in our line. We are much gratified with the growing spirit and disposition on the part of the Public to patronize Home Industry, as has been manifested in our special line, and we are pleased to know that the people of Texas are learning that they can get of us goods in our line of as fine and durable a quality as of any house in the United States. Our patrons get the benefit of our experience, extending over a period of over twenty-six years; this alone is an item to be considered. Again, our prices are much lower than can be obtained elsewhere for same quality of work.

Our long experience in this line, and our facilities for the manufacture of Screens, enable us to furnish a Superior Quality of Work at a very reasonable price.

FINE WORK FOR FINE RESIDENCES

is our specialty, and we make a special effort to satisfy and please our patrons. A pleased customer is our best advertisement.

Scored a Success

More than twenty-six years ago we began in a very obscure way, the manufacture of Door and Window Screens to Order. We began without money and without experience, both of which we have had to acquire.

We have weathered periods of financial depression, have had many obstacles to surmount, have encountered much illegitimate competition, and have had to contend with high prices of material, and high freight rates, but

NOTWITHSTANDING

These various obtacles, we have seen our enterprise develop from year to year, from a germ as it were, to a reasonably large and prosperous business and one which we are proud to say has a reputation for honest, square, conscientious dealing.

We wish to thank the public for the liberal patronage bestowed upon us which has enabled us now to own our building and the ground upon which it stands.

We bespeak for ourselves a continuance of the good will, and liberal patronage which we have been receiving for so many years.

DALLAS

WATER PROOFING

S. W. NICHOLS, 1209½ MAIN STREET, **Dallas, Texas**

REPRESENTING THE

IMPERIAL WATER PROOFING COMPANY Ltd.

GENERAL INFORMATION

By increasing the cementive properties of cement, greater tensile and crushing resistance is gained, likewise greater densities in construction.

I. W. P. Hydraliquid is used for water proofing the concrete in the aggregate. It is manufactured in concentrated form, capable of reduction on the works with from ten to fourteen parts of water. It requires from twenty-two to twenty-five gallons of reduced I. W. P. Hydraliquid to properly temper each cubic yard of concrete and no other tempering fluid should be used. About one and one-half gallons of I. W. P. Hydraliquid is required to every twenty-one gallons of water. It should never be used in concentrated form. Weight, 10 to 12 pounds per gallon.

DENISON.

Population 20,470. A progressive, prosperous city located in the northeastern part of Grayson county, 3 miles from the Red River, which separates it from Oklahoma. From its position at the entrance to the State it has received the name of the "Gate City." It is 10 miles from Sherman, the county seat, and 95 north of Dallas on the M., K. & T., the T. & P., the M., O. & G., the H. & T. C. and the Frisco Lines, having in and out of one of the finest Union Stations in the southwest; 47 passenger trains every 24 hours. All these lines, with the exception of the Frisco, maintain division terminals, locomotive and car shops, and have a monthly pay-roll exceeding $300,000. They give the city unsurpassed shipping facilities and jobbing freight rates. The city has an area of 3½ square miles, an altitude of 900 feet, an annual rainfall of 3.86 inches, a mean temperature of 65 degrees, a thoroughly equipped and efficient salaried fire department, municipal water plant costing $300,000, first-class sewerage system, paved streets, street car system (with Interurban North and South), 2 telephone systems, 3 telegraph systems, 4 banks with deposits of over $3,000,000, 2 daily newspapers, a semi-weekly and 2 weekly publications, 2 beautiful parks, first-class hotels, a $150,000 government building, a municipal hospital and the commission form of government.

It has 9 public school buildings, including a $100,000 high school, the St. Xavier Academy, a business college, a public library, churches of the leading denominations, literary and social clubs and a full representation of the various secret and benevolent orders. Has the largest coffee roasting plant in the southwest, the second largest creosoting plant in the world, the largest cotton factory in Texas, the largest peanut factory in the South, the largest handle factory in the State, a large cotton compress handling 50,000 bales annually, a large oil mill, a large mattress factory, a large box factory, wholesale grocery, hardware and implement houses and numerous minor industries.

The land in the Red River Valley, adjacent to Denison, is especially noted for its enormous yield of corn, cotton, alfalfa, potatoes, tomatoes, cabbage, cantaloupes, peanuts, onions and all kinds of trucking, peaches grapes, apples, plums and strawberries. Denison has an active Chamber of Commerce and a Retail Merchants' Association.

There is probably not in the United States a city where the percentage of homes owned by occupants is greater than here. The same is true of business houses, and this is one of the reasons why, in times of general depression elsewhere Denison continues to advance. Denison is not built on a quicksand foundation; it is built on a permanent, suitable basis, backed by natural advantages, agricultural and horticultural resources, climatic conditions, a great river and five railroad systems and progressive institutions. Denison invites an investigation on the part of all enterprising people seeking a location for commercial pursuits. For any specific information address The Chamber of Commerce, Denison, Texas. Exp., Am., U. S. and W. F. & Co. Wm J. Scott, postmaster.

INDIVIDUAL TRAINING. PRIVATE LESSONS FOR EACH STUDENT. Diplomas Granted. Positions Secured. Write for 96 page Catalog.

F. A. FARMER, President, Fort Worth, Texas. MRS. F. A. FARMER, Sec'y.-Treas., Fort Worth, Texas.

Arts for Girls and the North Texas State Normal College, a co-educational institution having the largest enrollment of any normal school in the State. Has a water, light and power company, electric street railway, fine sewerage system, lodges of the leading secret and benevolent orders, local and long distance telephone facilities, 4 banks with combined resources of more than $2,000,000, a daily and 2 weekly newspapers and all the facilities of a hustling commercial center. The county is well watered, there being no less than 10 living streams that furnish abundance of water for all purposes. Stock water is never scarce, nor is drinking water, for there are over 2000 artesian wells in the county. Among Denton's more prominent industries are 4 cotton gins, the Alliance Milling Co., capacity 500 barrels of flour, the Denton Milling Co., capacity 200 barrels of flour; the Acme Press Brick Co., capacity 70,000 fire brick; a 50-ton ice factory, bottling works, cotton seed oil mill, broom factory, mattress factory, monument works, etc. The Denton Chamber of Commerce is a live organization and a potent factor in the upbuilding of the city. Anything that is for the benefit of the city is assured of its hearty co-operation. Mr. George J. Roark, the secretary, will gladly furnish additional and detailed information on any point desired regarding the city or county. Exp., Am. and W., F. & Co. John B. Schmitz, postmaster.

EAGLE LAKE.

Population 2500. An incorporated city in Colorado county at the junction of the S. P., G. C. & S. F. and S. A. & A. P. Rys., 60 miles west of Houston and 16 east of Columbus, the county seat. Has Episcopal, Presbyterian, Catholic, Christian, Methodist and Baptist churches, good public schools, 2 banks, a weekly newspaper, the Headlight, 2 rice mills, sugar refinery, grist mill, machine shop, paved streets and sidewalks, electric lights, water works and sewer system. Eagle Lake is situated on the banks of a beautiful lake, bearing the same name and extending 1 mile in width to 3½ in length; the same being of much value to this community in beautifying the surroundings; for its fish products and in furnishing water for rice irrigation. Rice farming by irrigation is successfully and extensively carried on. It is also on the edge of the famous "cane belt," and much sugar cane is grown and manufactured into sugar at this point. Cotton and corn are staple crops, figs, truck products, live stock, dairying and produce are all important productions. Tel., W. U. Exp., W., F. & Co. Telephone connections. George S. Ziegler, postmaster.

Abney & Mitchell (A R Abney, G R Mitchell), architects.
Adams Walter, auctioneer.

A country postoffice on the I. & G. N. Ry., in Falls county, 15 miles from Marlin, the county seat and banking point. J. M. Bradley, postmaster.

EL PASO.

Population 50,000. The judicial seat of El Paso county, is located on the Rio Grande river and on the El P. & S. W., the G., H. & S. A., the National of Mexico, the R. G. & El P., the S. P. and the T. & P. Rys., 712 miles northwest of Austin and across the Rio Grande river from Juarez, an important Mexican border city. Has Adventist, Baptist, Catholic, Christian, Christian Science, Congregational, Episcopal, Hebrew, Lutheran, Methodist Episcopal and Presbyterian churches, electric light, first-class hotels, 8 hospitals and sanatoriums, lodges of the leading secret and benevolent orders, fire and police departments, water works, paved streets and sewerage system. The good schools, public, private and parochial, make El Paso a desirable residence place for people with families of children to raise. The public school system here is among the best in the state and the teaching force is unexcelled. El Paso retail merchants, always enterprising and wide awake, have kept pace with the growth of the city. Modern methods are employed everywhere and stocks are so complete that they afford to the citizens opportunities of supplying their wants equal to those enjoyed by inhabitants of much larger cities. There are 10 banks in El Paso, and they have always maintained a reputation of the highest order for superior management of affairs and broad principles on which business is conducted. The press is represented by 3 daily newspapers, 3 weeklies, a semi-monthly and 2 monthly publications. There are ore smelters, iron foundries, cigar factories, brick works, rock drill and machinery works, planing mills, large government irrigation works, etc. Telegraph and telephone facilities. Exp., W. F. & Co. James A. Smith, postmaster.
